A DUTY UPON GRANITE.

New Tariff Bill Will Protect
Minnesota Quarries.

Washington, Feb. 6.—(Special to The Herald.)—About the only item of interest to Minnesota in the new tariff bill not yet passed upon by the ways and means committee are the stone and filter schedules. It can be authoritatively stated that the tariff will be put upon granite which will protect the quarries at Ortonville, in spite of the efforts of contractors to prevent any duty upon Scotch or Swedish granite. No duty is likely to be put upon flag, but an import duty of the order of 10 per cent of farmers, who use binding twine made from these products.

LOUD POSTAL BILL.

Senate Committee Not Yet
Through With It.

Washington, Feb. 6.—The senate committee on postoffice and post roads failed today to conclude its consideration of the Loud bill in regard to second-class mail matter, as it had hoped to do. The postponement was due to the fact that some senators, who are members of the committee, have expressed a desire to be heard on the bill before it is reported.

PACIFIC ROADS.

Monopolize Most of the Sen-
ate's Business Hours.

Washington, Feb. 6.—A resolution was passed in the senate at the request of Mr. White requesting the secretary of the treasury to furnish information as to whether the government warehouse had been discontinued, and if so, why it had been done.

MCKINLEY VISITORS.

Some of the Crowd Were Tem-
porarily Disappointed.

Canton, Feb. 6.—Visitors at the McKinley residence after 10 o'clock this morning were disappointed when they were told that the major had left. They waited until 11 o'clock, but no return until afternoon. The president-elect left on the 10:30 Fort Wayne train to meet the train on which McKinley is coming home from Chicago, accompanied by his sister, Mrs. M. C. Barber, Capt. and Mrs. H. C. Barker, and Charles C. Dawes. They arrived at 1:30 o'clock.

IN THE SENATE.

St. Paul, Feb. 6.—(Special to The Herald.)—Duluth was the feature of the morning session in the senate. Among the new bills were the following:

BLACK KEEPS HIS SEAT.

Washington, Feb. 6.—It has become known today that the house committee on election conduct brought by Thomas E. Watson, of Georgia, recently the Populist candidate for president against Representative Black, decided yesterday to confirm Judge Black's title to his seat. The verdict, it is understood, is unanimous. Representative Bartlett, of Georgia, a Democratic member of the committee will report in favor of Mr. Black, and it is understood that the case will be presented to the house Monday.

NEBRASKA'S SUGAR WAR.

Omaha, Feb. 6.—A sugar war is on in Nebraska, and the so-called trust is being combated by a new organization, the Nebraska Sugar Growers' Association, with headquarters at New Orleans. The price that the former company has maintained in Omaha is \$4.55 per 100 pounds. The Southern company, started in by making a bid of \$4.40, and the outside firm took off another 10 cents. Then another cut made the price \$4.30, and it will not surprise local dealers if even this is lowered.

NEW YORK'S TRUST COMMITTEE'S CHAIRMAN AFTER A DELINQUENT WITNESS.

New York, Feb. 6.—Before the legislative joint committee on trusts adjourned yesterday, Chairman Lexow announced that failure on the part of John E. Searies, secretary and treasurer of the American Sugar Refining company, to appear before the committee today would bring upon him such punishment for contempt as the laws of the state of New York prescribed.

Arbuckle, the Coffee King,
Denies the Statements of
President Havemeyer.

New York, Feb. 6.—Before the legislative joint committee on trusts adjourned yesterday, Chairman Lexow announced that failure on the part of John E. Searies, secretary and treasurer of the American Sugar Refining company, to appear before the committee today would bring upon him such punishment for contempt as the laws of the state of New York prescribed.

Said the Sugar Company Did
Threaten to Close His
Business.

New York, Feb. 6.—Before the legislative joint committee on trusts adjourned yesterday, Chairman Lexow announced that failure on the part of John E. Searies, secretary and treasurer of the American Sugar Refining company, to appear before the committee today would bring upon him such punishment for contempt as the laws of the state of New York prescribed.

MRS. BEECHER BETTER.
Appears to Have Gained Some
Vitality.

Stamford, Conn., Feb. 6.—Mrs. Henry Ward Beecher has rallied somewhat and at noon was resting comfortably. She was conscious and appeared to have regained some vitality. Eunice Beecher was born in 1812 in Sutton, Mass., the daughter of Dr. Bulard, a physician. Several of Mrs. Beecher's brothers won high distinction. One of them, Talbot, was a physician. His volunteer services in behalf of the wounded troops from Indiana after the battle of Pittsburg Landing attracted the favorable notice of the governor of Indiana. He died soon after the battle of Vicksburg.

HANNA'S CHANCES.
Said to Be Good For a Cabinet
Position.

Cleveland, Feb. 6.—There are many prominent visitors at the office of Chairman Hanna today. Among those who conferred with Mr. Hanna were Hon. Benjamin Butterworth, of Cincinnati; Judge A. C. Thompson, of Portsmouth, Ohio; Bishop Arnot, of the Episcopal church, Duluth, of California; J. S. Spear, a prominent Republican of California, who went with the chairman to Canton to visit President McKinley, and many others. President Spear said he expected to remain in Cleveland until Monday, when he would again go to Canton to visit Maj. McKinley with whom he had an appointment.

AN OUTLAW CAUGHT.
Black Jack McDonald, the Border
Bandit, Captured.

Silver City, N. M., Feb. 6.—United States Marshal E. L. Hall today received a telegram from Capt. Careful, informing him of the capture early this morning of John McDonald alias Black Jack, the notorious leader of the gang of border bandits who have been committing robberies and murders in Southwest and Northwest Mexico and Southern Arizona for the past year. Several murders and innumerable hold-ups and robberies are the result of the depredations committed by the bandits. It is not yet known where the captured leader will be taken for trial.

WILSON WAITS WILLINGLY.

Canton, Ohio, Feb. 6.—Congressman Francis E. Wilson, of Brooklyn, mentioned as a cabinet possibility, is here to see Maj. McKinley. The major has gone West to meet his wife. Mr. Wilson will wait for his return, which will be during the afternoon.

GOFF WILL NOT ACCEPT.

Canton, Feb. 6.—Best information is that Mr. Goff will not be in the cabinet. That he has arrived at this conclusion for personal reasons, and is therefore, consideration, and that the president-elect is considering other names.

GEN. SHELLEY BETTER.

Kansas City, Feb. 6.—A special to the Star from Adrian, Mo., says: Gen. John O. Shelby, who last night was reported to be dying at his country home near here, is much better today.

THE TREASURY CONDITION.

Washington, Feb. 6.—Today's statement of the condition of the treasury shows: Available cash balance, \$25,713,100; gold reserve, \$145,200,000.

WEST END

The Ironton Steel Plant Will Start Up Monday on New Orders.

Mass Meeting at the Bennett Last Night Was Not Well Attended.

Michell & McClure Making Improvements For Next Season's Work.

The Ironton steel plant, which has been running short handed since it gave up the contract for rolling the plates for the force main pipes of the new city waterworks, has received a number of good orders and will on Monday morning start up with a full force of men. It will be employed largely in frame work. The works will have about its hands on its feet.

BEW TURNED OUT.
The announcement of a mass meeting at the Bennett house last night to discuss plans for securing a justice court for West Duluth did not attract a large crowd. The few who did attend were of the opinion that some speedy action should be taken in the matter, but nothing definite was decided. Another meeting will probably be called for some evening next week.

DRESSED LUMBER SOLD.
A large sale of lumber made by Michell & McClure, to be delivered in a few days, was put in in readiness for shipment. Michell & McClure are making quite extensive repairs and improvements about their mill property to put it in readiness for the opening of the sailing season.

HAPPILY ENTERTAINED.
That portion of the young people of the Christian church, who were not in the accident on Mesaba avenue, last evening, about twenty in number, reached West Duluth in safety and repaired to the residence of N. C. Hendricks. A most enjoyable evening was spent in singing, music and games. After refreshments had been served the party returned home.

MRS. GOODMAN'S FUNERAL.
The funeral of Mrs. Goodman will take place at the Ashbury M. E. church, tomorrow afternoon at 1 o'clock. Mrs. Goodman was a member of Duluth Hiv No. 1, L. O. T. M. and members of that lodge are requested to meet at the residence of Mrs. Clark, corner of Fifty-third avenue west and Ramsey street at 11:30 a. m. that they may attend in a body. Special invitations are extended to all knights and ladies of the Macabees to be present.

NOTICE, KNIGHTS OF THE MACABEES.
All members of the Knights of the Macabees lodge will meet at L. O. T. hall, West End, Duluth, tomorrow morning at 11 o'clock sharp, to attend the funeral of Mrs. Goodman, wife of Sir Knight Goodman.

MOTHERS' MEETING.
A very successful mothers' meeting was held yesterday morning by the Irving kindergarten, under the leadership of Mrs. J. A. Krantz. The meeting was held in the room at the Irving kindergarten, under the leadership of Mrs. J. A. Krantz. The meeting was held in the room at the Irving kindergarten, under the leadership of Mrs. J. A. Krantz.

WEST DULUTH BRIEFS.
Fred Merceau and wife, who have for a long time made their home in West Duluth, leave today for British Columbia, where they will reside in future. William Dunn, who is employed in the Ironton steel plant, yesterday placed his right hand in one of the rollers. Dr. L. T. Burnside was summoned and amputated his index finger. The rest of the injured members being saved.

Rev. A. F. Elmquist left this morning for Moose Lake. His pulpit will be filled tomorrow afternoon at 3 o'clock by Rev. J. A. Krantz. Of Duluth, there will be no services in the evening. The new degree of Honor lodge, instituted last Saturday night, will hold its regular meeting tonight in Gilley's hall. Several charter members unable to be present last Saturday will be initiated and quite a number of new names will be proposed for membership.

The entertainment given by the Presbyterian Sunday school last night was well patronized and the audience was pleased with the program rendered. Superintendent Williamson announced that similar entertainments would be given occasionally during the remainder of the winter of Twin Valley, is visiting at the home of N. H. Nyhus on Sixty-first avenue west.

Martin Hanger, of Duluth, is a guest of his nephew, R. D. McKeever, on Fifty-ninth avenue west. Mrs. E. J. Bunker, of Sandstone, will preach in the Presbyterian church in West Duluth tomorrow both morning and evening. Rev. George E. Kiley, the pastor, will go to Rush City and occupy the pulpit there tomorrow.

West Duluth Covered Rink.
Messrs. Glash and Nason in response to public demand have decided to have a band at the rink hereafter on Tuesday and Friday evenings.

Race Sunday at West End rink.

"Pretty Pill"
says
Pretty Poll
She's just "poll parrot." There's no pretences in pills, except on the theory of "pretty is that pretty does." In that case she's right.
Ayer's Pills
do cure biliousness, constipation, and all liver troubles.

THE SHIPPING OUTLOOK.

Everything is Still in an Unsettled State.

On account of the depressed condition of all branches of the iron business and the entire absence of anything in the way of transactions in iron ore, it might be expected to cause preparation for vessel contracts, most of the vessel owners have thought it advisable to refrain from comment on the outlook for the coming season, says the Maritime Review. The association of Bessner or Cleveland has been holding meetings in Cleveland in the past week, however, and this has caused some speculation as to prices of ore and the effect upon the lake freight market of any action that might be taken in this regard by the agents of the ore companies. But those meetings have resulted in absolutely nothing more than a unanimous agreement among the ore dealers to make no effort to open up negotiations for business under present conditions. The ore dealers are making no secret of their conclusions. L. C. Hamme, who is one of the executive officers of the association, and who is largely interested in vessel property, said that the talk of an 80-cent freight rate from the head of Lake Superior at this time has no more significance than anything that might be said of a dollar rate or a 50-cent rate.

There is no hope of contracts being made between ore dealers and vessel owners for some time to come, and that there is nothing to be gained now by talking of rates of any kind. Unless the iron market improves, he says, the opening of navigation, it is quite evident that contracts will be made at figures that will probably be as high as have ever been accepted by vessel owners, but there is no telling what changes may occur in the general business of the country before the first of April. Several rumors of big sales of steel on foreign account have been heard during the past few days, but none of them are pronounced authentic. One is to the effect that the Carnegie company has sold 200,000 tons of billets and that engagements of vessels to move the steel have been made. Another is to the effect that the Carnegie company has sold 200,000 tons of billets and that engagements of vessels to move the steel have been made.

It has already been noted that vessel owners have not a great deal to expect from the wheat movement out of Duluth during the coming season. The summer trade advances are to the effect that agents of the whitebills have taken quite a large amount of Duluth grain for delivery at Buffalo at 2 cents. Shippers have not been bidding for wheat on Buffalo for some time, but the fifteen days after the opening of navigation. Two cents on wheat is equal to only 4 cents on ore, while 15 cents on wheat is equal to only 6.5 cents on ore.

Receiver Asked For.

Hattie C. Pearson this morning began suit against Charles C. Pearson and a number of others to have a receiver appointed to collect the rent of property worth \$2000, on which there is \$2000 in mortgages due. L. H. Whipple, official receiver, owned the property, and he passed it on to J. R. Campbell, who mortgaged it for \$750 and sold it to C. C. Pearson. The receiver transferred the property to his father, who rented it to S. A. Thompson. It is alleged that the plaintiff wants her first mortgage foreclosed and a receiver appointed to collect the rents. C. W. Stilson is plaintiff's attorney.

Masquerade and Music at West End Rink tonight.

NEW YORK STOCKS.

Quiet, Heavy and Irregular Opening Noted.

New York, Feb. 6.—The stock market opened irregular and mainly heavy. Some southwestern stocks registered slight fractional losses, under the influence of the publication of unfavorable traffic statements. The industrial were less conspicuous, and fluctuated within narrow limits.

The stock market was very quiet and without notable feature up to 11 o'clock. Values continued irregular, with some of the industrials receiving effective support. The renewal of London selling contributed to the declining tendency of the railways, with St. Louis Southern losing a point.

The stock market took a turn in the closing hour and displayed considerable firmness, under the leadership of industrial characters in which industries covering over Sunday was reflected in material gains in American sugar, manufactory, sugar and leather preferred, Manhattan prominent. The publication of the weekly bank statement was without effect on the market. The closing was firm with net changes trivial. The total sales were 5,500 shares.

The Greatest Snap on Earth.

An unlimited amount of pea coat and the best you ever saw at that.
L. O. L. DULUTH VAN CO.,
212 West Superior street.
P. S.—You can not buy pea coat of small dealers, so come to headquarters.

Danz orchestra, popular prices, at Lyceum tonight.

Race Sunday at West End rink.

BAYHA & TIBBETTS, UNDERTAKERS.

HUNGERS

Wheat Advanced One Cent Today and the Market Was Active.

The Light Shipments From Argentine the Principal Cause of Strength.

Claims That There Is Little Exportable Wheat There Are Confirmed.

VERY YOUNG BURGLARS.

Two Small Boys Arraigned for That Offense.

John Sternal and Walter Killehal, two 10 and 11 years, were brought into Judge Ensign's court this morning and arraigned on an indictment charging them with burglary in the third degree. They were arrested on a warrant issued by Judge Ensign, charging that on the night of Nov. 25 they broke into St. Paul & Duluth freight depot, and stole 100 lbs. of flour. They were given until Monday to plead.

Judge Ensign this morning sentenced Joseph Deshaui, who was indicted with John Brusseau for stealing chickens and was found guilty of grand larceny in the second degree, to sixty days in the county jail. Before passing sentence Judge Ensign denied a motion for a new trial.

Judge Ensign also took under advisement the motion for a new trial returned a few months ago against John Covey, charging him with grand larceny in the second degree. The motion was denied.

THE PRODUCE MARKET.

They Can.**

The next day they took the trail and flushed some more Johnsons, but when they reached the top of the ridge, no Johnson had not been run to earth. That night they again lodged in splendor at the leading hostelry, to the furtherance of their purpose.

The next day they chased Johnsons all over town, spending \$1 in car fares. They also kept catching chickens and ducks, and a few pigs, paying nothing, all of which cost money. That night they took up quarters in a hotel where the Johnsons were staying, and the next morning rounded up the last twenty-eight Johnsons in the directory. That evening they had not yet caught their man.

"The Johnsons are a bad lot," said the landlady. "They are house breakers and something must be done, and done quickly. They decided to try their skill as house breakers, and borrowing a

Theosophists Who Have Been Touring the World.

And found a pleasant spot to float
Where leaves and lilies floated
Upon the lily leaves
To rock the drowsy birds to sleep.

We talked, but we were not alone
Which seemed to disconcert us;
Aunt Juno was our constant guest,
But little did she hurt us,
When like I looked, I found her deep
In calm, unconscious sleep.

The chance was far too good to miss
And, Doris being willing,
I backward leaped and took a kiss
That set me laughing long.
When lo! I saw Aunt Juno peep;
The wretch had only feigned her sleep!

But Doris sat with downcast eyes
For dreary thoughts were rereared,
While just a hint of mirth surprised
O'er Aunt Juno's face hovered;
And I, who had been so bold and keen
My secret, and again feigned sleep!

Mr. Munger does not believe that the rich-farmer Fossitan branch of the north-south line will ever be a frost-free highway, but that it will, through the Leech Lake country, be a rail line, and that the north-south line, following the proposed line of the Leech and North Dakota, but that when the Leech Lake country is developed it will take a more southerly and crisscrossing route, striking the Eastern Minnesota at Sandstone. The evident feeling is that the Leech Lake country is over the northern route recently been to decry the public into the belief that that was to be the ultimate route, and that the Leech Lake influence is against investments in the stock or bonds of the independent line that promises so much to the north-south line.

Pyramid has proven to be the only certain cure for rheumatoid arthritis, and its advantages over the operation are many, as it is painless, causes no delay, or interference with daily activities, and is much less expensive than any surgical operation could possibly be, costing but a dollar a package at any drug store.

The times that the Pyramid File Cure will not reach are so few that physicians are doing away with operations for rheumatoid arthritis, and cheap, but effective remedy to accomplish a complete cure, and it never disappoints except in cases beyond the reach of medicine.

The Pyramid File Cure is prepared by the Pyramid Drug Company, of Alhambra, Mich., and for sale by druggists and health food stores everywhere.

Each package contains a treatise on rheumatoid and cure of piles, together with testimonials from every section of this country.

GRANT'S TWO TUNES.
A drum corps in passing caught sight of the general, and at once struck up a popular negro camp meeting air. The Gen. Horace Porter told the company. "Very one began to laugh and Rawlins said: "Good for the drummers!" "What's the fun?" inquired the general. "Well," was the reply, "they are playing 'Ain't we glad to get out ob de wilderness!'" The general smiled at the ready wit of the musicians, and said: "Well, with me musical joke always requires explanation. I know only two tunes: One is

the business and accumulate riches. They buy all the cigar stumps they can at an average price of 1 franc a pound. These stumps are cleansed, cut up fine machinery, and the produce is put in packages with fancy covers and sold as smuggled tobacco from Belgium. 3 or 4 francs a pound. The regular government tobacco of similar quality sells between 5 and 6 francs a pound. There are also the retailers, who buy the stumps in small quantities—two or three pounds at a time—for personal

THE SUGAR TRUST.
Missing Witness Seales on Hand at Last.

New York, Feb. 8.—(Special to The Herald.)—The American Sugar Refining company, was on hand today when the joint legislative committee on trusts met in this city. Mr. Seales left his home in Brooklyn for Canton, Ohio, last Thursday evening after having been served with a subpoena, and the committee was disappointed at its sitting on Friday to declare him in contempt and take steps for his punishment. Mr. Seales was warmly greeted by the members of the committee.

Lowell Edward M. Shepard, attorney for the sugar company, arrived after an immediately offered into conversation with the prospective witness. Before taking the stand Mr. Seales, at Senator Llewellyn's request, made a statement that he only received the subpoena as he was on his way to take a train, and he felt it was his duty first to attend to the business on hand at the time.

Senator Llewellyn told Mr. Seales that the subpoena could not be ignored by the millionaire or by the poor man. "At the close of your testimony, Mr. Seales," added Mr. Llewellyn, "the committee will pass upon the question of contempt."

Mr. Seales said his occupation was the sugar making business and that of bank president and president of several local corporations, secretary and treasurer of the American Sugar Refining company.

JUDGE AMIDON.
A North Dakota Appointment is Held Up.

Washington, Feb. 8.—The senate committee on the judiciary today had under consideration the nomination of Hon. Charles F. Amidon to be district judge for the district of North Dakota, which was recommended to the committee last week at the instance of Senator Hansbrough. There have been charges filed with the committee to the effect that Judge Amidon is not acceptable to the bar, and the senator has his opposition specially on the ground that his temperament is not suited to the bench. A committee was appointed to investigate the charges and report to the committee at its next meeting, which will be held on Wednesday.

SQUADRON SAFE.
But Several Blue Jackets Were Drowned.

Charleston, S. C., Feb. 8.—(Special to The Herald.)—The Buncie squadron, already in port; four other ships sighted, but cannot yet make them out. The Marine, Columbia and Amphitrite arrived at noon. The flagship New York is expected at any time. The fleet encountered a severe gale Friday night, fifty miles off Cape Hatteras. Six men of the Maine were washed overboard, three of whom, Brown, Nelson and Vogel, were drowned.

The others were rescued by a crew under the command of Cadet Walter R.

PETITIONS

Local Option Petitions From Thirty-One Counties Received in the House.

Petitions to Repeal the Struck Jury Law Also Presented.

Senate Heard Some New Bills Read and Considered Others.

St. Paul, Feb. 8.—(Special to The Herald.)—Local option petitions from thirty-one counties, signed by 187 voters and 1188 others, were presented to the house today. Winona lawyers, headed by Justice Beck and Judge Gould petitioned for the repeal of the struck jury law.

Mr. Peig favored the recommendation of the substitute bill relating to organization of new counties, but Jacobson and Hartshorn feared such action meant delay and interference with the rights of settlers in such territory. In the interest of corporations and opposed the desired action. The speaker stated that he came from the territory interested and he knew the people wanted the bill and wanted it right away. Peig's motion was then put and defeated. The following new bills were introduced:

Gunn, appropriating \$5000 for roads and bridges in Itasca county.

Gunn, appropriating \$5000 for roads and bridges in Aitkin county.

Gunn, appropriating \$5000 for a bridge across Willow river, Aitkin county.

Lefthand, allowing miners to draw their pay unless parent or guardian give contrary notice, Judiciary.

On motion of Mr. Peas, his morbid sentimentality bill was reconsidered and tabled temporarily.

In the senate, the whole on request of Mr. Littleton, his bill to regulate grain inspection was indefinitely postponed, as he preferred the senate bill on the same subject. The senate memorial relating to railway mail clerks, was recommended to pass and the house adjourned.

IN THE SENATE.
St. Paul, Feb. 8.—(Special to The Herald.)—A few senators presented bills and amendments to the bills introduced by the following:

Stebbins, empowering city, village and borough cemetery authorities to rebury the dead in neglected cemeteries, Towns and counties.

Thedon, providing for civil service in Minneapolis, Municipal corporations.

Morgan, to amend law of 1891, relating to actions for heirs and administrators, Judiciary.

Morgan, to amend laws of 1885, relating to insurance, Fire and marine.

Wyman, to relieve the receiver of the Bank of New England from paying inland state deposits, Banks and banking.

The judiciary committee made an amendment to the bill on the following bills were recommended to pass:

S. F. 135, Stevens, legalizing official signatures of judges, Judiciary.

S. F. 28, Wing, to amend laws authorizing the formation of town insurance companies.

S. F. 159, Dunn, to legalize certain contracts, Insurance.

S. F. 81, Keller, to amend general laws of 1885, to establish municipal fire departments, Fire and marine.

S. F. 192, to amend law relating to the jurisdiction of the courts, Judiciary.

perpetuities. The senate then took a recess.

ARBITRATION TREATY.
A Little Dispute in the Executive Session.

Washington, Feb. 8.—The senate at 1 o'clock went into executive session, on motion of Mr. Sherman, to consider the arbitration treaty. The first question that arose in the executive session was a motion by Senator Hill that the arbitration treaty be discussed in open session instead of behind closed doors. He said that it was a matter in which the people were greatly interested and which ought to be public. There was nothing in the treaty or in its discussion that demanded secrecy.

He was followed by Senator Gray of Delaware, a member of the committee on foreign relations, who opposed public discussion. He said that in a matter dealing with foreign governments senators ought to be free and unhampered in the expression of their views, which could only be when the senate was behind closed doors.

After considerable further debate, a yeas and nays vote was taken on Senator Hill's motion for an open session which resulted against the motion by an overwhelming majority.

DECLINED WITH THANKS.
Berlin, Feb. 8.—The Frankfort Zeitung correspondent at Constantinople telegraphs that Germany has declined the sultan's request to send officers and financiers to reorganize the country, as being inappropriate. France and Belgium, the dispatch adds, have also declined.

WHERE SEALES WENT.
New York, Feb. 8.—A Washington, S. C., dispatch says that the mission of John E. Seales, secretary of the sugar trust, to Canton, where he saw President-elect McKinley and M. A. Hanna, and was looking for a new tariff bill, Mr. Seales is said to have been successful, as the president-elect is reported to favor a specific duty of 1 cent on sugar and a bounty of 1 cent.

THE LUMBER TARIFF.

Large Delegation of Lumbermen in Washington.

Washington, Feb. 8.—(Special to The Herald.)—A large delegation of Northwestern lumbermen, among them C. A. Duncan and W. C. McClure, of Duluth; George S. Shaw, of Cloquet, and William Irvine, of Chippewa Falls, arrived here today. They will look after the interests of American lumbermen in the new tariff bill. A number of Michigan men who own and operate lumber mills in Canada are in Washington opposing the proposed lumber tariff.

The Northwestern lumbermen had a conference with W. S. Eddy, of Michigan, and other lumbermen interested in the Canadian mills. It was decided to appoint a sub-committee to invite the American operators in the Canadian woods to meet the genuine American lumbermen at the latter's headquarters late today to endeavor to make some satisfactory arrangement. Another sub-committee was appointed to work upon the ways and means committed to endeavor to secure the application of the 2 rate to all rough sawed lumber instead of white pine alone. The Canadian lumber operators are also endeavoring to agree upon some plan of action.

W. C. McClure, who called upon Representative Jenkins at the capitol today, said that so far as he could ascertain the Michigan men who were interested in Canadian lumber simply desired to be protected against any retaliation upon the part of Canada upon account of the increase of tariff in the new bill. If they were assured of this protection, they would not object to the proposed rates. The Minnesota members will endeavor to secure an increase in the duty upon hemlock.

TAM'S CHANCES POOR.

Not Likely to Be Made Land Commissioner.

Washington, Feb. 8.—(Special to The Herald.)—The Minnesota delegation in congress will be asked to support Tam's bid for appointment as commissioner of the general land office. Representative Hewitt has already been asked to do so. It is not believed, however, that this will be done. It is said to be certain that McKinley has promised the place to a Wisconsin Republican.

THE WATERWAY PROJECT.

Efforts to Get Appropriations This Session.

Washington, Feb. 8.—(Special to The Herald.)—The committee on rivers and harbors will take this afternoon, take up the question of the appropriations for waterway projects under the continuous contract system.

All these items must be incorporated in the sundry civil bill and unless the committee on appropriations agrees to make provisions for this work nothing can be done upon the harbors of Duluth and Superior and other improvements authorized by the last congress until the next regular session. The waterway appropriation bill goes into effect.

WRIGHT'S REPORT.

Congressman Tawney Wants it Made Public.

Washington, Feb. 8.—(Special to The Herald.)—Representative Tawney is determined to have the Wright report on the investigation of the Chippewa land estimates made public. With this in view he today introduced a resolution calling on the secretary of the interior for a report of the recent investigation of pine lands in Minnesota.

VETO IGNORED.

And Texas Will Have an Additional Judge.

Washington, Feb. 8.—The senate, by a vote of 57 for to 1 against (Caffery, of Louisiana), today passed over the president's veto the bill for the division of the Eastern Judicial district of Texas. The bill, therefore, is now a law, having passed the house over the veto.

TRESTLE GAVE WAY.

And a Fatal Train Wreck Was the Result.

Washington, Feb. 8.—(Special to The Post from Cumberland, Md., says: With the breaking of an ice gorge a trestle on the Cumberland and Pennsylvania railroad at Franklin mine, Maryland, Saturday night, was weakened, causing it to give way about midnight, while an excursion train was crossing it. The engine crossed safely, but the combination car and rear coach went into the stream, which was unusually high, owing to a thaw, and this threw the engine on its side. There were fifteen passengers aboard, and they became panic-stricken, men and women trying to escape.

All eventually got out of the coaches and probably reached shore in safety, though owing to the darkness this fact is a little uncertain. Robert Ross, the engineer, and John N. Howard, the fireman, attempted to jump from the engine, but Ross was caught in the wreck and died yesterday from the effects of inhaling escaping steam. Howard was badly bruised, but will recover.

COCKRAN CALLS ON HANNA.
Cleveland, Feb. 8.—Hon. Burke Cockran, of New York, arrived in the city shortly before noon today and went directly to the residence of M. A. Hanna, where an extended conference was held between the New Yorker and the national chairman of an Associated Press representative Mr. Cockran said that he was not seeking any public office, that he did not expect to be elected, and that even if one should be tendered him it would not be accepted.

He was then asked if he intended to go to Canton from Cleveland, Mr. Cockran replied in the negative, adding that he expected to return to New York this evening, and within a few days would start for Europe. Mr. Cockran declared that his visit to Mr. Hanna had no political significance.

THE VICKSBURG PARK.

Washington, Feb. 8.—(Special to The Herald.)—All the members of the Minnesota delegation today presented the resolutions of the legislature urging the passage of the Vicksburg National park bill.

SCULPTOR NOBLE DISCHARGED.
New York, Feb. 8.—(Special to The Herald.)—The sculptor who was charged with grand larceny of \$2000 under a charge of carrying by mail a package of statuary, was discharged by Judge Price, his former model, was discharged by the examining magistrate today. The magistrate stated that he did not believe Miss Price's allegations.

NOMINATIONS GO OVER.

Washington, Feb. 8.—The senate judiciary committee today postponed the nominations pending before it today, all going over.

A Bill is Found Against P. J. Borgstrom, Register of Deeds.

Charged With Misappropriating Money Received For Certified Copies.

Four Men Indicted in Connection With the Moses Cook Affair.

The grand jury met this morning and landed another county official in the court room to answer to an indictment against him. The official indicted was Peter J. Borgstrom, the register of deeds, who is accused of misappropriating money.

Bench warrants for the four indictments returned by the grand jury Saturday morning were issued Saturday night, but were not given to the sheriff until this morning. As soon as they were delivered to that official deputies were sent to gather in the indicted. Those against whom two of the indictments were returned were quickly found and arraigned, though one of the indictments covered four persons.

Peter J. Borgstrom, the register of deeds, appeared with H. B. Dibel, his attorney, before Judge Design to answer to the indictment charging him with misappropriating public money. He took until tomorrow to plead, and his bonds were fixed in the sum of \$1000. The indictment against him alleges that May 31, 1885, his capacity of register of deeds, he received from A. A. Harris \$87.50 for making certified copies of ninety-seven instruments for the firm of A. A. Harris & Son.

It is alleged that on June 1, 1885, he "wonderfully, unlawfully, wilfully, feloniously and without the authority of law" appropriated to his own use \$87.50 of the sum received by him from A. A. Harris for the same.

The other bench warrant returned this morning was against Moses Cook, Isaac Abrahamson and Hyman Cohen, and the indictment under which it was issued charged them with conspiracy. They were arraigned at the same time as Mr. Borgstrom, and W. N. Draper appeared as their attorney. The reading of the indictment was waived, and the defendants were given until Friday to show in that was fixed at \$500 for each defendant, and it was quickly furnished. E. W. Matter and R. E. Fitzgerald were surties for the Abrahamsons.

The indictment against these parties is a long one, comprising ten full typewritten pages. It alleges that about May 1, 1885, the defendants entered into a conspiracy to defraud a large number of wholesale dealers. By the terms of the agreement, it is alleged, Cook was to buy all the goods he could on his credit, the other three helping him by recommending him as a desirable customer to wholesale dealers. He was to represent to the dealers that he wanted the goods to sell at retail, and in this way to introduce a retail price for the goods. The indictment alleges that the agreement was not that he was to sell the stuff at retail, but that upon receiving the goods he should secretly conceal the goods and divide them among the other three before the bills came due. Then he was to sell all his unexpended property, secrete the proceeds, fail to meet his bills when they came due, and represent to the creditors that by reason of misfortune he was unable to pay and was insolvent. He was then to make an assignment with the purpose of defrauding his creditors, and he was to conceal nearly all his property from the assignees.

It is alleged that on Aug. 23 he purchased goods to the amount of \$422.75 from Finch, van Slyke & Co., that on Sept. 11 he purchased a bill of \$230.42 from the same firm, and that on Sept. 28 he purchased another bill of \$91.84. These goods were secreted and divided. It is alleged, as was a bill of \$308.30 purchased from the Hamilton shoe company. At different times and from different people he purchased goods amounting to over \$17,000, all of which was secreted, according to the terms of the conspiracy.

After that Cook is alleged to have sold most of his unexpended property, and on Nov. 4 he made an assignment to A. A. Warfield, concealing his money and turning over assets worth only about \$2000. The sum concealed is alleged to have amounted to many thousands of dollars.

When seen by The Herald this afternoon W. M. Abrahamson, on behalf of the indicted parties, said: "I wish you would say for us that we want our friends to withhold their judgments until they see the result of the case. We are entirely innocent of the charges made against us, and we believe that we can prove that we are to the satisfaction of everybody."

The other two indictments returned Saturday are against the same party, who is not yet under arrest. The officer sent for him failed to find him this morning.

NEW SILKS.
New Changeable Foulard Silks in handsome designs, and note what we say—When the season is more advanced Foulards will be found quite the first in fashion's favor; opening price for this lot—per yard—

39c
27-inch Taffeta Silk
In Black only, with correct rustle for the underskirt—

89c
Surprising the interest created by our exhibit of

New Spring Dress Fabrics.
Never were more stylish, beautiful goods shown than these advance styles for the season of 1897, at—per yard

REBELLION RECORDS.

If You Want Them You Must Buy Them.

Washington, Feb. 8.—The following statement concerning the "official records of the war of the rebellion" is furnished by the war department for the purpose of correcting misapprehension respecting the publication of the work and its distribution:

"Under a vote of congress, approved Aug. 7, 1882, 11,000 copies of the war record of the forty-seventh congress, and 10,000 copies of the war record of the forty-eighth congress, were placed in the hands of the members of the forty-seventh congress, to be sent to such libraries, etc., as they should designate, 1000 copies were to be distributed to the several executive departments and the several military and naval departments, and the remainder to the officers of the army and contributors to the work. All these sets have been distributed as directed by law. The number of the forty-seventh congress was 10,000, the distribution of the forty-eighth congress was 10,000, and the number of sets of these books and each senator or twenty-four sets.

"Members of the present congresses receive no copies for free distribution to libraries, etc., and the sets of the forty-seventh and forty-eighth congresses are authorized to be distributed.

The war department and other executive departments were long since furnished with eleven hundred copies of the 11,000 printed were reserved for sale at about the cost of press work and paper and the only way the world now he obtained is by purchase. Libraries or individuals desiring to purchase the work or any part of it, will be furnished with full information as to the cost, etc., upon inquiry addressed to the war department, Washington, D. C."

manage his training.

Kansas City, Feb. 8.—Pugilist James Corbett, whose theatrical company is stranded in this city at the end of a week's engagement, departed last night for the West, accompanied by Con McVey, who has been a member of Corbett's "Naval Cadet" company, and several other followers. The party will stop one night at Salt Lake City, where Corbett and Billy Woods, of Denver, and McVey will give a sparring exhibition. From Salt Lake City Corbett will proceed to San Francisco, where he will remain a few days. Con McVey, Woods and "Kid" Egan will probably stop off at Reno, Nev., to

impose their arrangements for Corbett's training quarters, and after they will be joined by Corbett, Billy Blancy, White and Corbett's brother, each of whom will go to Reno from the 15th inst. The veteran Billy Blancy will be in charge of the training camp.

DASTARD'S DEED.

Efforts to Poison a Lot of People For Revenge.

Norfolk, Va., Feb. 8.—A desperate attempt by an enraged dairy employee to poison over 250 families in this city,

As illustrated by a lucky discovery, the milk was not the employee's. The milk was found in a Bloomsdale dairy, located in a town with his employer, J. Liefericht, Sr., who reported the milk to the police. Liefericht had "got even" with him. The milk was 250 to 260 degrees Fahrenheit, which is the temperature of milk in 100 of which are infants. The milk had delivered milk to about a dozen customers when he discovered a peculiar odor in the milk. The milk was sent to him like a flash and he quickly went to all the places, and luckily none had been used. He reported to the police and Clancy took the milk. The milk was analyzed and found to contain the same blood. The milk was found under the finger nails of the prisoner, who at first made a denial, but later said he had used it.

Contract Work.

Office of Board of Public Works,
City of Philadelphia.

will receive sealed bids until Friday, February 19, 1897, at 10 o'clock a. m., for the furnishing or the sale to said city of one steam fire tug and ferry. The vessel upon which proposals for sale to said city are to be received shall be of adequate size and of proper construction and adaptability to the purpose of steam

Said vessel may be of second hand condition which may be altered to comply with the conditions required, or may be entirely new construction at the option of the bidder. All bids must be made upon blanks furnished at the office of the board of public works and must state fully, size, conditions and nature of construction and all information pertaining

board of public works, Duluth, Minnesota, and marked, "Proposals for steamer ferry and fire tug." Bids must be accompanied by a certified check in the sum of \$500.00 payable to the order of the board of public works of the city of Duluth, as a guarantee of good faith, said check to be forfeited by the bidder

The right to reject any and all bids reserved by said board of public works. The basis of award of contract if made will be the condition, nature and adaptability to the service required as well upon the amount of bid submitted.

THE WEATHER.

United States Agricultural Department.
Weather Bureau, Duluth. Synopses of weather conditions for the twenty-four hours ending at 3 p. m. Tuesday, Feb. 8.—A ridge of high pressure extends from the Canadian Northwest to the Gulf states. It is attended by temperatures of 10 to 15 at Duluth, 15 to 20 at St. Paul, 20 to 25 at Chicago, 25 to 30 at St. Louis, 30 to 35 at Denver and Dodge City and 35 to 40 at Memphis.
Heavy rains have occurred in the Lower Mississippi valley. Light snow buries reported this morning in Michigan, Wisconsin, Minnesota and Iowa, with an area of cloudiness extending thence southward to Tennessee.

Dress Goods AND Silks.

The fourth shipment of this season's Silks came in Saturday—every piece stylish, attractive and exclusive. That is to say that we control these styles and they cannot be found in any other store in this city.

Beautiful Dress Goods opened this morning in black and fancies. As the Silks, so are these controlled by us. No such desirable styles can you find except here; they are the cream of Dress Goods.

Beautiful Silk Wash Lapetts, opened this morning, in the most pleasing and newest shadings and combinations, at the very moderate price of 50 cents, and we positively say that they are the best value of any Wash Silks or any other material of its kind.

New Plaid Ribbons, so stylish now, were received this morning. Narrow and wide to match.

New black, plain and broadcated Silk Shirt Waists are in; perfect fit guaranteed, and at prices that will at once convince you of their excellent value.

Banner Shirt Waists.

We put on sale tomorrow 25 dozen of these Shirt Waists at just Half Price:

75c Waists at	37½c
\$1.00 Waists at	50c
\$1.25 Waists at	62½c
\$1.50 Waists at	75c

*Silberstein & Bonds
Company.*

TWO BURGLARIES.

French & Bassett's and Jacob Stubler's Entered.

Burglars entered French & Bassett's furniture store at Third avenue west and First street, and Jacob Stubler's saloon, 210 West Superior street, early yesterday morning. From the first named place, nothing was taken, the only cash in sight in the cash drawer being \$1 in pennies, which the burglars evidently thought was too much of a load for the money. At Stubler's the thieves found about \$12 in the cash drawer, which they appropriated. Entry into French & Bassett's was obtained by breaking a light of one of the windows in the rear. At Stubler's the burglars forced one of the rear windows and pried off a heavy shutter that barred the opening on the inside. An unsuccessful attempt had been made on the door, there being a heavy lock and the latch being twisted. The instrument used appears to have been a pitch bar.

THE SCHOOL BOARD.

Director Cobb's Plan for the Cleveland School.

At the meeting of the school board Saturday night Director Cobb brought up once more the proposed Cleveland school on Park point. He had a plan cutting down the expense of building the school house about \$200,000, making it \$100,000. The building committee authorized to have the plans revised in accordance with Mr. Cobb's ideas and to advertise for bids. Mr. Cobb produced a bundle of legal documents notifying him that F. R. Nixon had been appointed receiver for the school board. Mr. Cobb's property, on legal advice the board believed that the receiver could be knocked out, and it will probably pay Mr. Cobb's salary direct to himself. The resignation of Charlotte Rix and Sallie Schaff, teachers, were accepted. Another teacher's application for a raise in salary was denied. It was announced that when the teachers for the ensuing year are employed the occasion might be adopted to rearrange the schedule of payments.

SLEEP FOR SKIN-TORTURED BABIES

And rest for tired mothers in a warm bath with CUTICURA Soap, and a single application of CUTICURA ointment, the great skin cure. CUTICURA removes all forms of itching, and pruritus, and a speedy cure of torturing skin affections, such as itching, burning, bleeding, cracked, scaly skin and scalp humors, with loss of hair, when all else fails.

Sold throughout the world. For Sale by all Druggists, Chemists and Dealers in Toilet Goods.

SKIN SCALP and Hair Treated by CUTICURA SOAP.

OPPOSED TO IT.

Jobbers Would Not Burden the Bridge Company Further.

At a meeting of the executive committee of the jobbers' union held Saturday night the matter of the amendment to the Duluth-Superior bridge bill, providing for free passage to pedestrians and tolls for street cars, was discussed. The prevailing sentiment that it would be unwise to throw too many obstacles in the way of the company, needed improvement in the face of many difficulties. A committee composed of the president and secretary was designated to be present at the discussion of the matter by the council today, to explain the position of the union.

A letter from the St. Paul jobbers' union was received, asking the operation of the Duluth union in securing more favorable lake and rail freight rates. The idea met with approval, and unity in action will be the result.

Letters from Senators Davis and Nelson were received, in which they pledged themselves to work for the passage of the Duluth-Superior bridge bill. Secretary Buchanan was instructed to be sure the efforts of the senators named be in behalf of the Duluth-Superior bridge bill.

The request of the Zenith Label union was received, in which they asked that the union endorse the sale of goods bearing the union label in Duluth and the endorsement was unanimously given.

The union will co-operate to assist Judge Morris to appointment to assist the congressional committee as they may desire. Secretary Buchanan being empowered to act in behalf of the union in that direction.

Byrne Was Released.

In special term Saturday afternoon Judge Cull ordered the release of William Byrne, of Melvill, on a writ of habeas corpus. Byrne was sent up for sixty days from Milwaukee by W. N. Nelson, a rural justice of the peace, Byrne, who is clerk of the school district, and a man named Sheldon, who is a school trustee, lived together with women. At the last election, successors were named, but as they did not qualify Nelson and Byrne held over. They made some of their enemies angry, and they set about to have them arrested for illicit cohabitation with women not their wives. Byrne endeavored to hold this off with a marriage license, but a warrant was to issue for him. The warrant and the trial were all a mass of ignorance of the law, and it was enough to release Byrne.

A SURE SOMETHING FOR NOTHING.

The only time we are sure that our readers get something for nothing is when those who are sick or out of health accept the great offer of free consultation by letter which Dr. Green, 35 West Fourth street, New York city, who is beyond doubt the most famous and successful physician in curing diseases, and who will send you his opinion, advice and fully explain your disease free. If you follow his directions a cure is sure.

GODDARD BEAT DOOLEY.

Johannesburg, Feb. 7.—[Delayed in transit.]—In the prize fight between Joe Goddard of Australia and "Ned" Dooley, last night, the former won in the second round.

DIFFERENT

Dr. Humason Takes Issue With a News Tribune Editorial Opinion.

Much Discussed Bradley-Martin Ball in New York Was the Subject.

Flaunting of Wealth Before the Poor Caused the French Revolution.

Rev. Dr. Humason as a certain raised to "A Discourse on Hell" in the Methodist church last night gave his opinion of the Bradley-Martin ball in a manner that apparently pleased his large congregation. He took as his text an editorial in the News-Tribune of Friday headed "A Silly Criticism."

Dr. Humason, after reading the editorial, announced that he did not believe every man had a right to spend his money in any way that pleases him, and added, in referring to the editorial made in his text, that he believed he was "socially sane."

He said that no millionaire brought anything into the world and that he could take nothing out of it. He was simply the steward of the wealth that was placed in his possession and would be held accountable in the eyes of the Lord for its distribution. Every man, he said, has a guardian and should use the power and influence given to his keeping for the benefit of mankind. No millionaire owned his wealth, for he did not create it. No matter how much he might have had no right to use more than he actually needed for his own comforts and those of his family. The surplus he would probably use for the meaning of the word "necessities" in this connection, saying that possessors of wealth might have comforted their homes, and raiment and have books to improve their minds, but they might have by a large store which moths and rust cannot corrupt. It was the flaunting of wealth in the faces of the poor in this way that brought about the French revolution, he said, and such as that made in the editorial that were used by the bankers of Calcutta in their attempt to prevent the British government from preventing gamblers to play their wiles—gambling kept money in circulation, he said, and was a good thing, and he said that he would not be used by a Chicago paper which held that the Chicago fire was a good thing, because it would throw too many obstacles in the way of the company, needed improvement in the face of many difficulties. A committee composed of the president and secretary was designated to be present at the discussion of the matter by the council today, to explain the position of the union.

Dr. Humason, after reading the editorial, announced that he did not believe every man had a right to spend his money in any way that pleases him, and added, in referring to the editorial made in his text, that he believed he was "socially sane."

THEY RIDICULE IT.

Many People Ridicule the Idea of an Absolute Cure for Dyspepsia and Stomach Troubles.

Ridicule, However, is Not Argument and Facts Are Stubborn Things.

Stomach troubles are so common and in many cases so obstinate to cure that people are apt to look with suspicion on any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion. Many such pride themselves on their astuteness in never being humbugged, especially on medicines.

This fear of being humbugged may be carried too far; so far, in fact, that many persons rather than risk a little weak digestion rather than risk a little time and money in faithfully testing the claims of a preparation so reliable and universally used as Stuart's Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the stomach. They are not a secret patent medicine, no secret is made of their ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, digestive acids, Golden Seal, bismuth, hydrastis and such other ingredients as any organ, but they cure indigestion, the common sense plan of digesting the food eaten thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success.

They are sold by druggists everywhere at 50 cents per package. Advertisements for Stuart's Dyspepsia Tablets are sent free.

Stuart's Dyspepsia Tablets, taken after meals, digest the food. That is all there is to it. Food not digested or half digested is poison as it creates gas, acidity, headaches, palpitation of the heart, loss of flesh and appetite and many other troubles which are often caused by some such name.

They are sold by druggists everywhere at 50 cents per package. Advertisements for Stuart's Dyspepsia Tablets are sent free.

PARSON DAVIES.
Will Arrange a Pugilistic Side Show in Nevada.

Chicago, Feb. 10.—"Parson" Davies, of Chicago, has a plan which is pretty well developed to hold a flat-out carnival just over the line from Utah, near enough to Carson City to attract the crowd that will attend the Corbett-Fitzsimmons battle. Arrangements for this additional Nevada carnival are so far advanced that the "Parson" feels confident they will go through. Davies has been in Chicago for some time working on the scheme, and he left last night for El Paso, where he is to meet Quinn, Peter Maher's manager, in reference to the scheme. The match is to be decided at the next meeting of the Nevada Athletic Union, and Davies is confident that the prize money will be a good one. Davies is confident that the prize money will be a good one. Davies is confident that the prize money will be a good one.

President Miller Very Ill. Milwaukee, Feb. 10.—Information has been received in this city from California to the effect that the illness of Russell G. Miller, president of the Chicago, Milwaukee & St. Paul Railroad company, is more serious than any of those who are close to him will admit. Mr. Miller has been at Los Angeles, Cal., for the benefit of his health for some time. He is now at Los Angeles, Cal., for the benefit of his health for some time. He is now at Los Angeles, Cal., for the benefit of his health for some time.

A STEAMER ASHORE. Frederick Haven, Denmark, Feb. 10.—The British steamer Thornaby, Capt. Chiswick, from Baltimore on Jan. 17 for Copenhagen, is ashore at Hertz horn. The vessel registered 1129 tons net, is schooner rigged, was built in 1885 at Stockholm, Swe. built from West Hartlepool, is owned by R. R. Penner & Co.

MRS. BECHER BETTER. Summit, Conn., Feb. 10.—Inquiry at the Sevel residence this morning elicited the information that Mrs. Henry Ward Beecher is still alive, and in fact more comfortable than yesterday.

BUNCE'S SQUADRON.
The Imposing Fleet Now Off Charleston.

Charleston, S. C., Feb. 10.—Ranged a line with intervals of a mile or more, five of the finest ships of the navy are at anchor to the south of the main entrance of Charleston harbor. In the line are the New York, the Maine, the Columbia, the Marblehead and the Amphitrite. It looks very like the inauguration of the blockade, but as a number of ships are expected to join the fleet tomorrow it is not thought that any vessel will make an attempt to come in yet. The Massachusetts and Indiana are on their way here and the speedy little dynamite cruiser Vesuvius is here to meet the fleet. The theory is here that the Vesuvius will put into Hampton Roads and then a public reception will be given to every precaution for safety, proceeding to try to run the gauntlet. Presenting of the entrance of the admiral and officers are in progress. Governor Elbert and the legislature will be in the city to meet the fleet. Herbert on the 15th. An excursion, banquet by the chamber of commerce, and a public reception are on the program for that day. A grand ball will be given to the fleet officers on the evening of the 16th. The mayor, mayor of the port and committee of citizens visited Admiral Bunce on the flagship this morning.

AN UNSTEADY PRESS.
Russian Newspapers Mixed on Cretan Questions.

St. Petersburg, Feb. 10.—The tongue of the press has taken a sudden turn, first attacking Turkey for the Cretan troubles, the Russian papers are now equally sure that England is at the bottom of it all. The Moscow Vedomosti says: "Out of the English intrigue comes the Cretan troubles." The Novoe Vremya thinks it is not necessary to look to Constantinople or Athens, but to London for the cause. The St. Petersburg Vedomosti, in a frantic article, sees England's hand in the Cretan plot.

Price Utkhonsin's organ calls for the blockade of Crete by Franco-Russian fleets. The occupation of strategic positions by landing parties, it says, is the only way of restoring peace in the island. That would be the best reply to England's challenge to Russia and France on the Egyptian question.

THE WISCONSIN LAWMAKERS. Madison, Wis., Feb. 10.—Business was shut off in both houses, with 200 bills before the assembly and 220 in the senate. Numerous petitions for a Northern state fair were presented. The senate bills introduced were: Tax providing for fenders on street cars; appropriating money to state historical library. The assembly bills were: Tax on rate of taxation; for enforcing arbitrary rates by boards of insurance; giving street railways the right of eminent domain.

MORGAN'S NICARAGUAN BILL. Washington, Feb. 10.—Mr. Morgan has withdrawn the Nicaraguan canal bill, giving notice that he will press it at an early date in the extra session.

VALE

Ely Member's Log and Lumber Bill Recommended For Passage.

It Was a Rather Humdrum Day at the Minnesota State Capitol.

Minnesota Railroads Are Charged With Discriminating in Favor of Chicago.

St. Paul, Feb. 10.—(Special to The Herald.)—Representative Schmidt, who has been at home sick, was in his seat again today.

The Vail bill (H. R. 275) to provide for bent on logs and lumber for the better protection of material men, was recommended to pass by the logs and lumber committee.

Mr. Pass moved that his morbid sentimentality bill be placed on general orders and the motion prevailed. Among the next bills were these:

Graker, to amend general laws of 1889, relating to liens, for better security of labor and material men. Judiciary.

Mansfield, to amend general statutes of 1894, relating to distribution of school district funds. Education.

Scott, to amend railroad code. Judiciary.

Scott, requiring railroads to carry bicycles as baggage. Railroads.

Mattson, to define telephone, telegraph, express and sleeping car companies and to provide for their taxation. Taxes.

Anderson, to require all railroads to file lists of their land grants in the office of the state auditor, being intended to carry into effect the Anderson law. Taxes.

Reeves, requiring certain statements from insurance companies. Insurance.

The calendar was then taken up and the following bills passed:

S. E. 71, Yale, joint resolution, relating to railway mail service. Judiciary.

H. E. 145, Martin, to repeal general laws of 1895, for enlarging organized counties.

The house then went into committee of the whole and took up general orders.

Mr. Harshbarger presiding. The time was given up to the Grand bicycle path bill and a number of amendments were adopted and the amended bill was recommended to pass.

A recess was then taken until 8 o'clock this evening, when the Capitol Hall contest comes up on special order.

IN THE SENATE. St. Paul, Feb. 10.—(Special to The Herald.)—Senator Wynnan presided over these sessions today. Among the bills were these:

Jones, to amend the constitution relating to the penal code and grand jury investigation. Judiciary.

Winchell, relating to the execution of mortgages. Judiciary.

Knutvold, to increase the liquor license in small cities from \$500 to \$1000. Temperance.

Keller, relating to powers of district courts in tax cases. Taxes.

Pottgeiser, requiring drugists to give copies of prescriptions on demand. Judiciary.

Senator Dunn secured the adoption of a resolution calling upon the railroad and warehouse commission for information regarding the running of trains of Southern Minnesota railroads. The resolution sets forth that the companies are charged with discriminating in rate schedules in favor of Chicago.

The following bills on the calendar were passed:

S. E. 12, Stevens, legalizing official certificates of sale and record heretofore made.

H. E. 82, Little, amending law relating to corporations.

S. E. 124, Stevens, to amend general laws 1895 relating to title insurance companies.

S. E. 134, Henneman, to prevent village in two or more townships to separate themselves from the town government.

S. E. 28, Wing, to amend general laws 1875 relating to town insurance companies.

S. E. 159, Dunn, to legalize and make valid certain mortgage foreclosures heretofore made.

S. E. 31, Keller, to amend law establishing municipal courts in incorporated cities having less than 5000 population.

In committee of the whole the senate then took up general orders. Senator Pottgeiser's bill authorizing and empowering the various municipal courts of this state to issue writs of execution upon their judgments and determinations, and regulating issuance of the same, was recommended to pass.

Senator Svenningsen's bill repealing the law regulating the operation of traction engines was indefinitely postponed.

The senate portion of the re-appointment committee was announced as follows: Knutvold, Thompson, Barr, McArthur, Lloyd, Henneman, Ozman, Masterman, Thelen, Thompson, W. E. Whitney, Spencer, Thorpe and Smith. The senate then adjourned.

WHAT KIEFER WANTS.

St. Paul Man Would Be Immigration Commissioner.

Washington, Feb. 10.—(Special to The Herald.)—Representative Kiefer, of St. Paul, is now an active candidate for commissioner of immigration. His work in defeating certain objectionable features to Germans in the immigration bill will give him the solid support of this element.

NO CHANGE LIKELY.

The Lumber Schedule to Stand as Arranged.

Washington, Feb. 10.—(Special to The Herald.)—Several of the leading lumbermen in the delegation from the Northwest now here said today that they had been assured that no change would be made in the lumber schedule already drafted by the ways and means committee.

JOB FOR MARK DUNNELL.

Would Be Auditor of the Treasury Department.

Washington, Feb. 10.—(Special to The Herald.)—Representative Dunnell, of the First Minnesota congressional district, is a candidate for appointment as one of the auditors of the treasury department. It is said that he is being supported by Representative Tawney and other members of the Minnesota delegation.

IS PUSHING HUNT.

Tawney Wants to Make Him Public Printer.

Washington, Feb. 10.—(Special to The Herald.)—L. P. Hunt, of Manitoba, is being pushed for public printer by Representative Tawney. The First district congressman today circulated a petition and secured the endorsement of Fletcher McChesney, Kiefer and P. J. Day. Hunt will probably do so, but Tawney is pushing him very hard.

As usual on state occasions the public exercises in connection with the incoming administration occurred at the capitol today, when the two houses of congress, in joint session, in the spacious hall of representatives, counted the electoral vote of the various states and listened to Vice President Stevenson formally promulgating the election of William McKinley as president, and Garrett A. Hobart as vice president of the United States.

Although the sky was overcast with dull, leaden clouds, the weather was pleasant and propitious.

Block 35c and 39c; our price.....

WEST END

Talk of a West Duluth Man
For the Board of Pub-
lic Works.

Mr. Jacoby Suggested as
Perfectly Competent For
the Office.

Case of Scarlet Fever Re-
ported in West Duluth--
Other News.

The people of West Duluth ever since the consolidation of the city with Duluth have felt that they were entitled to representation on the board of public works. While they have asked this as a candidate for re-appointment, they have not yet been granted the recognition they believe to be their due. The term of M. J. Davis, president of the board will expire in a short time and it is understood that he is not a candidate for re-appointment, but that he will immediately after the expiration of his term go to Kansas to look after some mining property that he owns in that state.

There are in West Duluth any number of men capable of performing the duties of member of the board of public works, and no less than two have been mentioned in connection with the appointment. Mr. Jacoby, formerly connected with the West Duluth waterworks, is spoken of by his friends as a suitable man for the appointment and it is more than possible that he will become an out-spoken candidate for it. Mr. Smith of the Ironton Steel works has also been mentioned as a candidate.

SCARLET FEVER CASE.
One case of scarlet fever has been reported by Dr. L. T. Burnside. It is of a very mild form, and is the first case of contagious disease of any kind reported from the West End for several months. The rate of mortality in the western health district, being all that part of the city lying west of Thirty-seventh avenue and east of the city line, is noted by the residents of the West End as evidence that the district is possessed of a more healthful climate and better sanitary conditions.

IRVING TEACHERS ENTERTAINED.
The teachers of the Irving school gave an "At home" party at the school at Fifty-seventh avenue west and Grosvenor street last night, which was very successful. The tables were covered with a beautiful supper was served in the kindergarten rooms, which were decorated with red and white. The teachers were very cordial and the evening was very enjoyable.

WEST DULUTH BRIEFS.
A daughter was born to Mrs. William Peters, wife of the band sawyer at Dunbar, Brewer & Co.'s mill, last night.

Pearl Hove lodge No. 4, Ladies' of the Macacines, will give a time social this evening at the home of Mrs. C. McKellan, on Fifty-seventh avenue west.

The Georgia colonization scheme of J. J. Frey and other enterprising citizens of West Duluth, is said to be gathering force for a new boom. Several West Duluth families join the cause as soon as conditions are favorable.

New machinery for the Ironton Steel works is being received this week and as soon as it is all in place, work on an order for 1 beam will be commenced.

The Ladies Aid society of the Methodist church held a business meeting this afternoon at the residence of the president, Mrs. M. E. Cochran, at Jacoby, Baker, son of A. J. Baigard, died at his father's home on Sixty-seventh avenue west and had been ill for a long time.

Miss Little, who has tendered her resignation as teacher in the Fairmount school.

Benjamin Groschak was married to Miss Lucy Hink yesterday. Rev. Father Macky officiating. The bride was a resident of this city. The wedding couple will make their home on Fifty-fifth avenue, where they entertained a pleasant wedding party last night.

West Duluth Covered Rink.
Music Friday night by City band.

ILLINOIS STEEL COMPANY.

Holding a Meeting Behind
Closed Doors.

Chicago, Feb. 10.—The annual meeting of the stockholders and directors of the Illinois Steel company was held today behind closed doors. Reporters were rigorously excluded, and all requests for information elicited but one reply, that absolutely nothing would be given out until after the adjournment of the meeting. All kinds of rumors were afloat, including one to the effect that three of the directors had tendered their resignations, and another that the annual statement would show a deficit of some \$200,000. Rumor had it that the collapse of the steel rail pool was deliberately planned for the purpose of "freezing out" some of the smaller independent mills and forcing them to join the pool. This, however, was shown to be false by telegrams which had passed between the Carnegie headquarters at Pittsburgh and President Gates of the Illinois Steel company.

THE BICYCLE RACE.
Pittsburgh, Feb. 10.—The six-day bicycle race this afternoon saw Walter still leading Grim by two laps. Ruckel, who hurt his knee during the first day's riding, dropped out to consult a physician. Ruckel at 2 o'clock. Walter, 424; Grim, 423; Scotch, 422; Hall, 421; Dench, 421; Foster, 421; Ruckel, 281.

THE PRODUCE MARKET.

Trade improves slightly in the Michigan street market. Great expectations are based on the middle of March. Eggs are plenty and of good quality. Quite a little green wheat is in the market. Corn is scarce. The quotations below are for goods which change hands in lots on the open market; in filling orders, in order to secure best goods for shipping and to cover cost incurred, an advance over the following prices is to be charged. The figures are changed daily.

The Arrival of Late Importations

In Wash Fabrics, Silks and Dress Goods for the early trade is a noticeable feature in the new store. The counters and shelves are lined with creations in Dress Materials that for artistic coloring and style of weave have never had an equal. The Black goods are decidedly novel—many gauzy Etamines, Antique Grenadines and clever Pompadour conceptions have grasped the attention of the crowds who are now filling the most prominent stores in the large cities. It has been with the most careful study that we have made our selections for the early trade that we might with confidence offer the very latest and most correct, as well as exclusive designs, and now find a great deal of pleasure in announcing them on sale.

Silk Sale.

One lot Stripe Silk Poplins go on sale—in all the latest combinations—25c (just received).

One lot Silk Foulards—all in the latest designs and colorings—to be sold at—39c (just received).

About 50 choice designs in Foulards and Fancy Silks to be sold on a scale of prices that will send them out flying—75c, 78c, 98c, \$1.25

CURLING

Superior Beginners Will Try Conclusions With Duluth's New Men Tomorrow.

Regular Superior Rinks Will Come Over For Another Try Saturday.

Carlsen and Thomsen of Minneapolis Will Race Here This Week.

The Superior beginners' curling rinks will come over tomorrow night, instead of Friday as was first intended. The make up of the Duluth rinks that will play them has been changed somewhat from those announced yesterday and as now are as follows: E. McLaren, skip; F. E. Evans, L. H. Paige, E. A. Brewer; W. J. West, skip; A. Macaulay, C. F. West, Rev. C. H. Fulton; G. S. Barnes, skip; J. A. Todd, L. W. Robinson, J. A. Wattersworth; W. Thexton, skip; H. D. Gee, A. Guthrie, G. A. Tomlinson; C. F. Macdonald, skip; G. A. Currier, F. W. Sullivan, P. Greene; C. A. Duncan, skip; W. Lavauway, W. A. Hunt, Rev. W. W. Nowell.

Next Saturday evening the Superior regular rinks will be over again. The Duluth players are handicapped by having several of their best men at Winnipeg, but have made up some strong rinks nevertheless. They are as follows: C. McMillen, skip; C. B. Woudruff, D. G. Cutler, E. McLaren; A. H. Smith, skip; E. A. Bradley, D. R. Black, A. W. Erick, Donald MacLeod, skip; W. McLennan, Guy Henneke, C. H. Thornton; A. S. Wilson, skip; F. A. Day, W. J. West, C. F. West, C. W. Culver, skip; F. W. Roldrick, L. W. Robinson, J. E. Catlin.

FAST MEN WILL MEET.
Crack Skating Races at Union Rink This Week.

The championship races between John C. Carlsen and Thorvald V. Thomsen have been arranged to take place at the Union rink in Duluth. Manager Wray having received a letter from Carlsen this morning accepting his offer.

The races will take place at the Union rink Friday and Saturday nights. Owing to the fact that the rink is somewhat small for long distance racing the races will be shorter than was intended at first. The intentions at first

CURLING AT WINNIPEG.

The Duluth Rink Still in Two Events.

Winnipeg, Feb. 10.—(Special to The Herald.)—The Duluth rink arrived here too late to take part in the event—the contest for the New York Life challenge cup. In the Walker rink rink event, the Duluth rink defeated Peel, of Winnipeg, by 17 to 8, but lost to Flower, of Battle by 12 to 11. In the Royal Caledonian event, Macdonald, of Winnipeg, defeated the Duluth men by 13 to 5. The Duluth rink is still in two events.

ANOTHER REPORT.

St. Paul, Feb. 10.—(Special to The Herald.)—A Winnipeg special to the Dispatch says: The first game in Grand challenge yesterday skipped Peel, of the Winnipeg Thistles, 17 to 8. Those with Hudson are Messrs. R. J. MacLeod, A. McRae and McKenney. The combination is a strong one. President Palmer of Duluth Curling club is here playing the role of mascot. Hudson plays today in the Royal Caledonian competition, Winnipeg vs. Americans, against J. M. McDonald, one of the crack skips of the Granite club.

CABINET SELECTIONS.

Canton, Ohio, Feb. 10.—(Special to The Herald.)—A list of the gentlemen who have been tendered cabinet portfolios, Senator Sherman for secretary of state, Mr. Gage for secretary of the treasury, Gen. Alger for secretary of war, Mr. Judge McKenna for some cabinet position. It is not expected that any authoritative statements will be made soon, if indeed before President McKinley formally addresses the senate of the United States, naming his cabinet in full.

NO WORLD'S TOUR.

Washington, Feb. 10.—It is flatly denied at the White House that President Cleveland, in company with Mr. Thomsen, is about to start on a tour of the world, after his retirement from office next month.

THE TREASURY CONDITION.

Washington, Feb. 10.—Today's statement of the condition of the treasury shows: Available cash balance, \$216,385,266; gold reserve, \$145,729,224.

ASHLAND'S JOY.

Has a New Railroad Connection Completed.

St. Paul, Feb. 10.—(Special to The Herald.)—An Ashland, Wis., special to the Dispatch says: The new Minneapolis and St. Paul branch line, which will connect the Twin Cities with Ashland, South Shore & Atlantic tracks, twenty-five miles from Ashland, beginning with a month of street Ashland, have a new passenger service. At that time passenger trains will begin running over the new road and close connections will be made with all lines on the South Shore and will begin running over the same as if the South Shore train ran directly into it.

FATAL EXPLOSION.

One Child Killed and Several Others Injured.

Detroit, Mich., Feb. 10.—An explosion followed by fire, destroyed a little cottage in a shanty town, owned and occupied by the family of Stephen Roguski, at 2300 Locust street this morning. A child, Michael, 2 years old, was burned to death; Mary, aged 11, was so severely burned that she will probably die, and the rest of the family, six in number, more or less severely injured.

WILL SUE QUAY'S SON.

Pittsburgh, Pa., Feb. 10.—The papers have been drawn and suit will be entered tomorrow by State Senators C. L. Magee and William Flinn, against Richard R. Quay, son of Senator M. S. Quay, for criminal libel and civil suit for \$10,000 each will also be entered. The criminal libel case against the Commercial Gazette, which was conducted yesterday, Alfred H. Reed, the proprietor of the Commercial Gazette, testified that Richard R. Quay had furnished the paper with the information upon which the alleged libel was based.

THIS CONTEST EXPENSES.

St. Paul, Feb. 10.—(Special to The Herald.)—The long-looked for expense accounts in the Dunn-Day contest came into the senate this morning. Senator Sheehan introduced a resolution providing for payment of \$1975 to Senator Dunn, and \$1623.25 to Frank A. Day on this account. These accounts include the fees of attorneys. The bills were not itemized.

TABLES TURNED.

Capt. Palmer Was Finally Revenged on Gen. Butler.

Capt. John Palmer, secretary of state, tells a good story of the late Gen. Benjamin F. Butler. While Governor Black was shaking hands with a seemingly endless line of people in the executive chamber on inauguration day, Capt. Palmer, Senator Coggeshall, Railroad Commissioner Cole and a Mail and Express representative were exchanging yarns in one corner of the room.

I served in the Louisiana campaign. Ben Butler's headquarters were in New Orleans. One day I was told that I had been detailed to go to New Orleans, some ninety miles away, and present a report to Butler. I was a very young man then, and to be thus detailed I considered a tremendous honor. After long deliberation I concluded that I would be expected to make a speech in delivering the report. I worked over that speech until it was a masterpiece.

"Of course I had an idea that if I could make an impression upon the general it would be a good thing for me. Finally the day of my departure came, and I started for the city. On the way I rehearsed my speech. I had it letter perfect, and felt satisfied that nothing but stage fright could knock it out of my head. When I reached New Orleans I lost no time in finding headquarters and getting into the presence of Gen. Butler.

I told him I had saluted him I stepped back, threw out my chest and started in on the speech. Before I had spoken a dozen words Butler looked up from his desk. I saw that I was making an impression. A dozen words more and the general began to move uneasily in his chair. There could be no doubt of the fact that I had caught his fancy. Visions of promotion began to float before me as I warmed up with the

attest to the truthfulness of the statement that the tune which "Ta-ra-ra-boom-de-ay" is sung is one to which about 200 verses of vulgar doggerel were sung by the negro roustabouts long before Lottie Collins ever heard of the song which she made famous. The song "Oh, My Baby," which has had a great run, originated in a levee dive, in which May Irwin made such a hit, was sung with different words long before the frolicsome comedienne ever heard of it or dreamed she would sing it. Today songs are sung in the dives of the negro. To dress these songs so that an educated audience would enjoy them would be the work of but a few moments.

The dive singers have a readiness for rhyme making which is remarkable, and this accounts for the length of their songs. In Tennessee the agent of the penitentiary is Joseph Turney, a brother of the present governor. For nearly half a century he has guarded prisoners, at regular intervals from the jail in Memphis to the penitentiary in Nashville, and he has become known to the negroes. One of the minstrels of the dives composed a song of about 100 verses, describing Joe Turney and a trip to Nashville under his guardianship. The song is very popular, and is most any habit of any of the dives can sing it, though neither the words nor the music ever appeared on paper. The words are simple, but the music is beautiful and sad almost to weari-

The dance is the interesting place of all others in a dive. It is the Bohemia of a negro—a place indescribably dirty, where songs indescribably vulgar are sung to beautiful and catchy music, and where dancers of perfect grace sway their bodies to the music. In one corner of the place is a weak-toned piano, where a negro hammers out the music for the dancers and the singers. The piano and the "piano pounder"—he is known by no other name—are projected by an inclosure of thick boards from any beer cans or pieces of chairs which may be thrown at them by a dancer or singer whose performance has been marred by a discordant note. In that corner of the dance hall in which the piano is situated, a platform about three feet square and raised about two inches from the floor is placed. On this single and double dances are done. The quadrilles are danced on the floor of the hall.

The dancing board is near the lower end of the miniature elevator, by which beer and other drinks are sent into the hold from the saloon above. The principal drink of the large habitues is beer, which is sold in dive cans. The stimulant, however, which the majority of the female patrons of the dives use is cocaine, but they take this stuff before they retire, contenting themselves with beer in the early part of the night. The dances executed are those characteristic to the negro, except the Persian dance, which is done by the women. The performers are not made up, but happy and happy and sing because they like to and because they like to be applauded. If one does not care to vulgarly praise the dances are beautiful. The time is always perfect. The music of the singers is beautiful.

It will, perhaps, surprise some to know that among these very devil-may-care, debauched, but happy negroes originated the tunes of songs which the whole world has whistled and sung. Any Mississippi river steamboat mate, who has been employed at his work for the last fifteen years, will

speech. Suddenly old Ben thumped the desk savagely with his fist and roared.

"Young man, if you have anything more to say to me, say it quick." "If he had hit me on the head with an ax he could not have knocked me out more completely. The thought that instead of creating a favorable impression I had incurred the displeasure of the general made my head reel. At my hard work had been in vain. I dropped the report on the desk, sat down and walked away. My home in Albany was further away that night than it had ever been since I marched with my regiment into Louisiana.

Many years after the close of the war I was elected commander-in-chief of the Grand Army of the Republic, was in Washington arranging the details of the great parade of Union veterans. I had a room in the Ebbitt house. All day long I had been receiving delegations. Evening came, and when the door opened and I walked Gen. Butler, striding to the middle of the floor he struck an attitude and began a vehement speech in which he intended to prove to me the right of the Massachusetts veterans to the right of line. I listened to him for probably two minutes, and then smashing the desk as hard as I could with my fist, I yelled:

"General, if you have anything more to say to me, say it quick!"

"The old warrior fairly gasped at astonishment. His ponderous jaw fell. Seizing the back of a chair, he steadied himself, he asked in a voice which showed how keenly I had hurt him:

"Capt. Palmer, do you mean that?"

"Gen. Butler, did you mean it when you said the same thing to me at New Orleans?" I asked.

"What do you mean?"

"I told him Butler walked up and down the room while I was telling this story. When I had finished he came over and put his hand on my shoulder. "Palmer, I had forgotten all about it. So you are the young fellow who wanted to fire a speech at me? Well you have had your revenge."

ORIGIN OF THE MINIATURE.

If Greek legend whispers that the portrait was discovered by affection when the potter's daughter traced the shadow of her lover's profile on the wall, prose research proves that the miniature portrait also owes its origin to tender love, says Mrs. E. W. Blackfield in the February Scribner's.

When the flower of French knightliness jingled away southward to the Italian wars with Charles VIII, some discomfited lady, left behind with no defence against regrets and heartache but a needle or a novel, had an inspiration. Why not replace the image of Madonna, or put round all Christian thoughts, by a tiny portrait of him who loved and rode away? A device so simple and so practical at once gained immediate popularity. There was no lack of skilled miniaturists and there was a touch of romance in the idea of having the image of the beloved away gallant, which appealed to a court where gallantry had inherited the language and ideals of chivalry.

HOW PENS ARE MADE.

Pens are made in a way which most of us think. The steel is cut into ribbons a wide as the length of one pen, and then are fed to machines which cut out the nibs and debarbed, but happy negroes originated the tunes of songs which the whole world has whistled and sung. Any Mississippi river steamboat mate, who has been employed at his work for the last fifteen years, will

City Comptroller
CITY OF DULUTH

Duluth, Minn. Feb. 4, 1897.
Notice is hereby given, that I have caused to be filed in the office of the clerk of the district court in and for St. Louis County, Minnesota, a certified statement of delinquent assessments made by the city of Duluth for the purpose of defraying in whole or in part the expense of making the improvements hereinafter mentioned.
Which said statement contains the names of the owners delinquent, a description of the assessments for which said amounts were levied and of the lands affected thereby.
Notice is hereby given that at a general term of said district court to be held at the court house in said county in the city of Duluth on the 3rd day of March, 1897, at 10 o'clock in the forenoon of said day, I will apply to said court for a judgment for the amount of said several assessments and costs against said property.
All persons interested in said lands or said assessments are required to appear at said time and place, and state their objections in writing, if any they have, why said judgment should not be rendered.
The property affected thereby, upon which judgment is asked, is in the city of Duluth, county of St. Louis, and state of Minnesota, and is as follows, to-wit:

W. G. TENBROCK, City Comptroller.

Name of Subdivision Total

THE MARKET AGITATED.

Iron and Steel Men Are Much Disturbed.

Pittsburg, Feb. 11.—Andrew Carnegie arrived in the city last night and was closeted today with the officials of the Carnegie Steel company, limited, discussing himself to all interviewers. None of the officials of the company would express themselves upon the recent collapse of the bill and steel pool and the threatened dissolution of the iron ore combination. The iron and steel market is in a highly agitated state, and the present condition, but it is evident that the Carnegie company is by no means worried over the prospects of quiet markets with the fiercest competition. A prominent steel manufacturer said:

"As far as low prices on billets and steel rails are concerned, it is generally conceded that the Carnegie are prepared to complete under any conditions. Their recent completion of the two largest blast furnaces in the world, by which the cost of pig iron is reduced, their alliance with the coke interests and the fact that they are paying a large bonus that can be taken off at any time, gives them an advantage that is conceded in the steel circles."

"A matter that is interesting, the trade particularly at this time is the question whether the iron ore combination can withstand the influence that has been exerted by the steel rail, billet and beam pools which kept up the price of finished products. The recent fifty-year lease of the Mountain Iron mine in the Mesaba range from the Rockefeller interests by

the Carnegie Steel company, may prove a large factor in the ore pool. It will enable this company to secure a large amount of its ore at a decided advantage, and the advantage will be enhanced by the low railroad rates on the railroad which the Carnegie company is building from Pittsburg to the lakes."

HAS NOT DISBANDED.
Youngstown, Ohio, Feb. 11.—Regarding the report sent out that the Merchant Iron Association has disbanded, James H. Smith, secretary of the association, says: "There is absolutely no truth in the report that the organization has disbanded. We have a report of this kind about once every month and I am at a loss to understand how the rumors get afloat. The next meeting of the association will be held in March."

WILL FIGHT SWEAT SHOPS.
Syracuse, N. Y., Feb. 11.—The Ready-Made Tailors' National association was formed by a convention which was held this week in this city. The organization is independent of the Knights of Labor. War is to be waged on the sweat-shop system. President G. C. Shorster, Syracuse; first vice president, Louis Weinberg, St. Louis; recording and financial secretary, Louis Loulin, Rochester; treasurer, Valentine Dukes, Utica; inside guard, Isaac Jacobson, Chicago; trustees, George E. Morgan, of Cleveland; Fred Tammer, of Boston; and John Rochart, of Baltimore.

A FOX LAKE FIRE.
Fox Lake, Wis., Feb. 11.—Fire early this morning destroyed John Medley's restaurant, John Mahoney's saloon, Michaela Weyer's saloon, Schmidt Bros. saloon, L. H. Buckholz, barber shop, McCarty's express agency and Murphy and Sons' jewelry store. Loss, \$10,000; partly insured.

BISHOP OF CHEYENNE.
Dubuque, Iowa, Feb. 11.—The Rev. T. M. Lineham will be consecrated Bishop of Cheyenne by Archbishop Hennessy at the cathedral here on the 24th inst.

TOWNE HAS SUCCEEDED

Half a Million Dollars in the Sundry Civil Bill For Duluth Harbor.

Mr. Towne Naturally is Jubilant Over Having Secured This Large Appropriation.

Over a Million For the Lake Waterway—A Channel to the Atlantic.

Washington, Feb. 11.—(Special to The Herald.)—The sundry civil bill reported to the house today contains an appropriation of \$500,000 for the continuing improvement of the Duluth-Superior harbor during the fiscal year 1908. The estimate of the engineers was \$770,158. For the fishery station at Duluth \$440 is appropriated for the pay of employees, and for range lights on the shore at Grand Marais \$200. An appropriation of \$1,000,000 is made for the continuing improvement of the channels of the great lakes between Duluth, Chicago and Buffalo. Congressmen Towne is delighted with the success of his efforts to have \$500,000 inserted in the bill for the Duluth-Superior harbor. The bill will undoubtedly pass in its present form, so that this sum will be available for the harbor work after July 1 next.

The commerce committee of the senate today made a favorable report on Senator Davis' amendment to the sundry civil bill appropriating \$100,000 for the survey of a deep waterway from the great lakes to the Atlantic ocean. One hundred thousand dollars is made immediately available. Senator McMillan will also try to have an item inserted in the bill for \$35,000 for the maintenance of the gas buoys on the great lakes now maintained by the Lake Carriers' association. He will also press for \$1500 for a small light vessel and two float lights at Ballard's reef in Detroit river.

SUNDRY CIVIL BILL.
Total Appropriations Exceed Fifty Million Dollars.

Washington, Feb. 11.—The house committee on appropriations today finished the sundry civil appropriation bill for the next fiscal year. The bill carries a total of \$20,664,473. This is \$8,144,068 less than the estimates and \$18,644,150 more than the appropriations for the current year. \$17,520,053 of the appropriations is for carrying out river and harbor contracts and \$4,072,725 for public buildings.

The principal items for carrying on work on public buildings are: Albany, Pa., \$50,000; Boise city, Idaho, \$100,000; Buffalo, N. Y., \$200,000; Cheyenne, Wyo., \$100,000; Denver, Colo., \$100,000; Helena, Mont., \$100,000; Kansas City, Mo., \$200,000; Meridian, Miss., \$50,000; Milwaukee, Wis., \$100,000; New York city appraisers' warehouse, \$200,000; Newport, Ky., \$50,000; Portland, Ore., \$200,000; Pueblo, Colo., \$150,000; Pottsville, Pa., \$40,000; South Omaha, Neb., \$75,000; St. Paul, Minn., \$125,000; San Francisco, \$100,000; and Savannah, Ga., \$175,000. The limit of cost of the Omaha, Neb., building is increased \$100,000 and \$125,000 is appropriated for finishing it.

The largest sums will be expended under the direction of the secretary of war, and include Philadelphia harbor, for removal of Smith wind mill and Petty Island Shoals, \$600,000; Galveston, \$200,000; the harbor at Key West, \$200,000; improvements of channel connecting the great lakes between Chicago, Duluth and Buffalo, \$1,000,000; Humboldt Bay, Cal., \$400,000; Savannah, Ga., \$400,000; Cumberland Sound, Georgia, \$400,000; Philadelphia harbor, \$100,000; Buffalo, \$200,000; Dunkirk, N. Y., \$200,000; Delaware Bay, Del., \$500,000; Win-

DULUTH RINK WON.

Took First Game in the International Event.

Winnipeg, Feb. 11.—(Special to The Herald.)—The Duluth rink won the first game in the international event today, by a score of 3 to 2, from Benson, of Woiseley. There is no other American rink here in addition to that from Duluth. The international event is played down by one rink from each club present, and consequently the Duluth men must play one rink from each of the other clubs.

In the competition yesterday between Winnipeg and the visiting rinks the Winnipeg curlers won by 71 points, the totals being: Winnipeg, 202; all comers, 231.

PORT ARTHUR FIRE.

"Prospect Joe" One of the Supposed Victims.

Winnipeg, Feb. 11.—(Special to The Herald.)—A group of small buildings burned at Port Arthur this morning. The bodies of two men were found in the ruins. One is supposed to be Joseph Revo, who came from Northern Minnesota mining regions.

STOLE AUTOGRAPHS.

Two Congressional Library Employees Are Under Arrest.

Washington, Feb. 11.—Phillip McElhorne, son of the late J. J. McElhorne, for years official reporter of the house of representatives, and Lewis M. Turner, both of the congressional library, have been arrested by secret service officers charged with larceny of autographs from the library. Both men asserted their innocence and were held by the United States commissioner in jail pending examination.

TRUST COMPANIES.

Quite a Hubbub Caused By an Illinois Court.

Chicago, Feb. 11.—The appellate court has affirmed the decree of the superior court of Cook county removing the Farmers Loan and Trust company from the position of co-trustee of the Lake Street elevated road first mortgage. The superior court sometime ago removed the Farmers Loan and Trust company as the trustee and the New York Trust company appealed the case. The appellate court has now delivered a decision which not only affirms the decree removing the Farmers Loan and Trust company, but which will act to prevent trust companies organized in other states from accepting trusteeships in this state and will force a re-arrangement of many trusteeships under mortgages already in force.

MURDERER BUTLER.

Another Killing Complaint is Lodged Against Him.

San Francisco, Feb. 11.—Another complaint has been filed against Butler, alias Ashe, the alleged Australian murderer, by Consul General J. W. Warburton, charging him with the murder of Arthur Preston in Australia, praying for a warrant for Butler's arrest and a decree of extradition after examination. The new complaint is an extreme precaution against the result of failure to make out a case in the present extradition proceedings before United States Commissioner Heacock. The new complaint will in any event somewhat delay Butler's extradition.

GREEK PATRIARCH RESIGNS.

New York, Feb. 11.—A dispatch to The Herald from Constantinople says: The Greek patriarch, Anthimos VIII., has resigned, protesting against the illegality of a synod in session. Manager Constantin, the metropolitan of Ephesus, has been proclaimed patriarch locum tenens. According to a consular report the situation in Canes is most critical, and in spite of every effort a pacific solution is quite impossible.

FATAL LAMP EXPLOSION.

Pittsburg, Pa., Feb. 11.—By the explosion of a lamp in a tenement house on Tenth street today four people were burned, two fatally. The injured are: Clara Parmaganda, aged 6 years, fatally burned; Mrs. Garland, fatally burned; Frank Scarpino and John Gammard, burned about the head. Clara Parmaganda attempted to move a lighted lamp and overturned it, causing an explosion and setting fire to her clothes. Mrs. Garland, who was ill in bed, ran to her rescue and was burned in putting out the flames. The two men had difficulty in saving Mrs. Garland.

SMOKING

State Senate May Continue to Smoke in the Senate Chamber.

Coates-Hall Contest Decided By the House in Hall's Favor.

New Measures Introduced and Action Taken on Committee Reports.

St. Paul, Feb. 11.—(Special to The Herald.)—Senator Yale wanted the senate today to adopt a rule prohibiting smoking in the senate chamber, but it went over. Among the new senate bills were these:

Potter, requiring the labeling of convector stoves. Labor.
Stevens, to amend the law of 1878, relating to executions. Judiciary.
Hanna, to amend the law for county seat removals. Judiciary.

Ringdahl, relating to liability of municipal corporations. Municipal legislation.

Seven bills on the calendar were passed, and the eighth, to establish a grain inspection station at Fergus Falls, was laid over temporarily at the request of Senator Cole, as there was some objection to the measure, and there was not a full attendance of the senate.

The first bill passed was Senator Young's S. P. 30, to repeal chapter 67, laws of 1885, to prevent debtors from giving preference to creditors. The law requires creditors to surrender their claims and take what the assets will yield.

Of course the bill could only pass if Minnesota creditors and gave foreign creditors an advantage by holding on to their claims and at the same time claiming that their share of the assets. The repeal of the law places all creditors on an equal footing.

S. P. 157, Young, a bill for an act to amend section 3, chapter 45, general statutes 1878, being section 462, general statutes 1894.

S. P. 40, Smith, a bill for an act to amend section 356, general statutes 1894, being section 15, chapter 75, general statutes 1878, relating to actions and rights in real property.

S. P. 88, Young, a bill for an act to amend section 3, chapter 45, general statutes 1878, etc., relating to courts of justice of the peace.

S. P. 134, Stevens, a bill for an act to amend section 42, chapter 13, general statutes 1878, relating to title insurance companies.

S. P. 135, Dodge, a bill for an act to amend section 73, chapter 39, general statutes 1878, etc., relating to public schools.

COATES-HALL CONTEST.

House Decides Hall Shall Keep His Seat.

St. Paul, Feb. 11.—(Special to The Herald.)—The house this morning continued its discussion of the Coates-Hall contest. Judge Hicks, chairman of the elections committee, making the principal speech in support of Coates. Mr. Johns presented a substitute resolution declaring Mr. Hall entitled to the seat he now occupies, and argued at considerable length in its support.

Mr. Stables argued briefly in favor of the reversal of the committee's report, holding that a technical violation of law by the election board should not disfranchise voters. Mr. Underleak spoke for Hall, as also did Mr. Jacobson. Mr. Harshbarn favored the committee's report, but Mr. Feig was of the opinion that Hall was entitled to his seat, and Mr. Fox was of the same opinion. Mr. Laing had favored Coates from a legal standpoint, but found, on closer study of the law and equity that Hall had the best case, and he would so vote. Mr. Donnelly welcomed the spirit of fairness shown by the Republican leaders, believing it would be to the honor of their great party.

The speaker ruled that a majority of those present and voting would carry the Johns' substitute resolution, and a vote being taken resulted—Hall, 80; Coates, 14. Mr. Hall, therefore, retains his seat. A recess till 2 o'clock was then taken.

VISITOR FROM DULUTH.

St. Paul, Feb. 11.—(Special to The Herald.)—Ex-Speaker Graves, of Duluth, was on the floor of the house today.

TARIFF CHANGES.

Ways and Means Committee Still at Work.

Washington, Feb. 11.—The most important decision agreed upon today by the Republican members of the ways and means committee, who are working on the tariff bill, was to restore the McKinley duty on lead ore. The McKinley rate is five a pound, while the present duty is 3 1/2. It was decided also to change the law upon the assaying of imported lead ore, and instead of having them assayed at the port of entry to admit them under bond and have them assayed by the assaying office nearest their destination.

Copper, brass, gold and silver, were also restored to the rates of the McKinley law, which are of 5 per cent ad valorem, on copper, 10 per cent on brass and 30 per cent ad valorem on gold and silver.

The committee also disposed of a number of items among manufacturers of iron and steel, by giving them a duty equivalent to the present ad valorem duties on them. This list includes nails, spikes, tacks, horse shoes, nuts and washers, brass needles, rivets, engraved steel plates, saws, screws, umbrella ribs.

MINNESOTA HISTORICAL SOCIETY. 5 O'CLOCK EDITION. TWO CENTS.

BARGAIN FRIDAY

—AT THE—

BIG GLASS BLOCK STORE

Prices and meritorious Merchandise is what keeps THE BIG STORE busy day in and day out. Get posted on what we offer for Bargain Friday.

Friday—

69c—Tomorrow we will offer another lot of Ladies' fine Calico Wrappers, made of the best Prints in new colorings, worth \$1.25; Friday.....

Friday—
\$1.75—We have still about 80 Ladies' Trimmed Hats, worth from \$4.50 up to \$8.50; Friday we make them.....

Panton & White

ORE WAR

The Collapse of the Steel Rail Pool and Its Effect.

Report That the Iron Ore Pool Has Also Been Terminated.

Terrific War on Prices By the Mining Companies Is Predicted.

What effect will the collapse of the steel rail pool and the drop of \$2 a ton have upon the Minnesota iron mines? Will there be an iron war? These questions give the collapse of the pool a peculiar local interest, and it is not surprising that Duluth people are now trying to find out what will be the effect upon the ore industry. It is said in a Pittsburgh dispatch that the Carnegie company was flooded with orders yesterday, sufficient to operate the Edgar Thomson plant for twelve months. The Carnegie were the head of the pool, and when the other firms refused to abide longer by the pool price of \$26 per ton the latter took the implied challenge of contest and proceeded to strike back. It is announced that behind the Carnegie are the Rockefeller interests, which control a part of the Mesabi iron ore production of the country and by the present agreement the Carnegie-Rockefeller trust represents over \$100,000,000. A Cleveland dispatch says the heavy iron and steel interests centered there were thrown into commotion by the breaking up of the steel pool. They generally held that the recent events and the fact that the bottom has dropped out of the business will make it necessary to cut the wages of workmen, from miners up, at the same time they are feeling that business will adjust itself on a new basis, and be stimulated by the recent upheaval.

The Chicago Tribune says today: "The iron ore association, which has controlled prices and fixed the output of Lake Superior iron mines, stands at the head of the steel pool, which has swept away every combination and pool in the iron and steel trade and the maintenance of prices. The Rockefeller-Carnegie combination will do in the iron ore pool what it has done in the maintenance of prices. The first announcement of the pool's termination was made in the shape of a large order for delivery during the coming season of navigation, without regard to the pool."

"Even more important than the collapse of the steel rail pool will be the termination of the ore pool. It will mean a terrific war on prices by the iron mining companies of Northern Michigan and Minnesota. Among those there is serious question if the ore pool has not already gone. As yet no allotment has been made, and no prices fixed for the coming year, and all sides the sentiment is general that the ore pool cannot be saved, and it is essentially true that the ore pool, which has wrecked every iron and steel combination in existence at the beginning of the year will reach an iron mining companies from reaching an agreement."

"In the war the two great companies will be the Minnesota Iron company, with headquarters in this city, and the Lake Superior Company, controlled by John D. Rockefeller. Both operate in the Mesabi range, above Duluth, in Minnesota, and the Minnesota company has heavy interests in the Vermilion range also. Their railroads track the same region and some of their properties adjoin each other. Further to the westward is the Mahoning mine, owned by Pennsylvania Iron manufacturers."

"While every range in the Lake Superior region will be vitally affected by the outbreak of hostilities, the battle ground will be the Mesabi range, where the leaders, either in fee or under lease, including the fee of the Mountain Iron mine, which has been recently leased to the Carnegie Steel company, no doubt will approximate 100,000,000 tons. The rest is held by people who have no connection with Mr. Rockefeller's interests. Two tons of iron ore can be mined now in the Lake Superior region for every one that can be sold. Over two tons of steel rails can be made for every one used by the railroads. It is this unlimited capacity which will give such boundless opportunity for warfare. Either of the great companies in the Mesabi range could flood the market with ore once the contest has begun."

"One marked effect of the collapse of the steel pool has been to stop all talk about raising the tariff on iron ore, iron and steel."

At the meeting of the Illinois Steel company at Chicago yesterday, the annual report showed a deficit of \$339,399 for 1936. H. H. Porter and Jay C.

DANGEROUS SURGERY.

Death Follows the Surgeon's Knife—Not the Surgeon's Fault, of Course. He Can't Help It—You Can.

Pyramid Pile Cure Cures Piles Quickly, Painlessly, Without Danger.

People go along for years suffering with piles. They try this and that and the other thing, from carrying a buckshot to getting treatment from a physician. They obtain temporary relief, maybe, but they are never quite cured. A little strain in lifting, excessive fatigue, a little constipation or a little diarrhoea and the piles come back. They don't seem to amount to much, but they banish sleep and appetite. No position is comfortable. There is intense local pain and that dreadful feeling of weight in the perineum.

Maybe in the early stages some of the many salves on sale will afford temporary relief. If the case is of long standing there is only one sure and sure remedy. It is Pyramid Pile Cure. Even in slight cases it is the safest thing to use. Other physicians cure and may not. Pyramid Cure is always certain, always reliable, always brings comfort at once. It's prompt use saves months of severe suffering. In extreme cases it will save surgical operations and their attendant dangers and discomforts. It is better than a knife. Will cure easier, quicker and safer. Thousands have used it. Thousands have been cured by it. The cost is trifling compared with what it does. The price is 50 cents. Most anybody would gladly pay ten dollars to be rid of piles.

Druggists sell Pyramid Pile Cure. If you haven't it, get it for you from the Pyramid Drug company, of Albion, Mich. (sole manufacturers.)

Morse resigned as directors, and H. A. Gray resigned as secretary and treasurer. The directors elected the following officers: President, John W. Gates; first vice president, Charles H. Foster; second vice president, William P. Palmer; secretary, William W. Greene; treasurer, William H. Thompson; executive committee, John W. Gates, A. J. Forbes-Leith, John W. Brown, A. J. Forbes-Leith and John W. Gates.

The Iron Trade Review this week will say: "Though not like a hot out of a clear sky—for the clouds have been plentiful of late—the announcement that the steel rail pool has gone, and the Rockefeller-Carnegie combination will do in the iron ore pool what it has done in the maintenance of prices. The first announcement of the pool's termination was made in the shape of a large order for delivery during the coming season of navigation, without regard to the pool."

"Even more important than the collapse of the steel rail pool will be the termination of the ore pool. It will mean a terrific war on prices by the iron mining companies of Northern Michigan and Minnesota. Among those there is serious question if the ore pool has not already gone. As yet no allotment has been made, and no prices fixed for the coming year, and all sides the sentiment is general that the ore pool cannot be saved, and it is essentially true that the ore pool, which has wrecked every iron and steel combination in existence at the beginning of the year will reach an iron mining companies from reaching an agreement."

"In the war the two great companies will be the Minnesota Iron company, with headquarters in this city, and the Lake Superior Company, controlled by John D. Rockefeller. Both operate in the Mesabi range, above Duluth, in Minnesota, and the Minnesota company has heavy interests in the Vermilion range also. Their railroads track the same region and some of their properties adjoin each other. Further to the westward is the Mahoning mine, owned by Pennsylvania Iron manufacturers."

"While every range in the Lake Superior region will be vitally affected by the outbreak of hostilities, the battle ground will be the Mesabi range, where the leaders, either in fee or under lease, including the fee of the Mountain Iron mine, which has been recently leased to the Carnegie Steel company, no doubt will approximate 100,000,000 tons. The rest is held by people who have no connection with Mr. Rockefeller's interests. Two tons of iron ore can be mined now in the Lake Superior region for every one that can be sold. Over two tons of steel rails can be made for every one used by the railroads. It is this unlimited capacity which will give such boundless opportunity for warfare. Either of the great companies in the Mesabi range could flood the market with ore once the contest has begun."

"One marked effect of the collapse of the steel pool has been to stop all talk about raising the tariff on iron ore, iron and steel."

At the meeting of the Illinois Steel company at Chicago yesterday, the annual report showed a deficit of \$339,399 for 1936. H. H. Porter and Jay C.

SUNSHINE

Dr. A. A. Willis Tells a Large Audience of Its Great Power.

Not a Funny Lecture But Filled With Good Humor and Pleasantry.

Many Consider Home a Place to Sleep, Eat and Grunt In.

Anyone who left the Methodist church last night with a glow on his face or in his heart must be a pitiable creature, for the glow must be a permanent feature of his nature. Dr. A. A. Willis, of Philadelphia, the apostle of sunshine, lectured at the church last night on "Sunshine," and incidentally he scattered a good many rays of that article among his audience.

Dr. Willis is one of those young old men whose sunny natures keep their youth always alive. So potent was this that it seemed almost incredible that he had six children who between them had given him fifteen grandchildren. His cheerful face and twinkling eyes carried him directly to the hearts of his audience, which prepared itself to laugh as soon as he appeared on the platform. And laugh they did. His lecture is not what might be called a "funny" lecture, but so pleasing were his cheerful optimism, his sudden sallies of wit, his delightful mimicry and his stories, both humorous and wise, that the church was almost constantly in a bubble of merriment.

After speaking of his pleasure at seeing Duluth, the city which had conquered his friend, Proctor Knott, who said: "I thought not like a hot out of a clear sky—for the clouds have been plentiful of late—the announcement that the steel rail pool has gone, and the Rockefeller-Carnegie combination will do in the iron ore pool what it has done in the maintenance of prices. The first announcement of the pool's termination was made in the shape of a large order for delivery during the coming season of navigation, without regard to the pool."

"Even more important than the collapse of the steel rail pool will be the termination of the ore pool. It will mean a terrific war on prices by the iron mining companies of Northern Michigan and Minnesota. Among those there is serious question if the ore pool has not already gone. As yet no allotment has been made, and no prices fixed for the coming year, and all sides the sentiment is general that the ore pool cannot be saved, and it is essentially true that the ore pool, which has wrecked every iron and steel combination in existence at the beginning of the year will reach an iron mining companies from reaching an agreement."

"In the war the two great companies will be the Minnesota Iron company, with headquarters in this city, and the Lake Superior Company, controlled by John D. Rockefeller. Both operate in the Mesabi range, above Duluth, in Minnesota, and the Minnesota company has heavy interests in the Vermilion range also. Their railroads track the same region and some of their properties adjoin each other. Further to the westward is the Mahoning mine, owned by Pennsylvania Iron manufacturers."

"While every range in the Lake Superior region will be vitally affected by the outbreak of hostilities, the battle ground will be the Mesabi range, where the leaders, either in fee or under lease, including the fee of the Mountain Iron mine, which has been recently leased to the Carnegie Steel company, no doubt will approximate 100,000,000 tons. The rest is held by people who have no connection with Mr. Rockefeller's interests. Two tons of iron ore can be mined now in the Lake Superior region for every one that can be sold. Over two tons of steel rails can be made for every one used by the railroads. It is this unlimited capacity which will give such boundless opportunity for warfare. Either of the great companies in the Mesabi range could flood the market with ore once the contest has begun."

"One marked effect of the collapse of the steel pool has been to stop all talk about raising the tariff on iron ore, iron and steel."

At the meeting of the Illinois Steel company at Chicago yesterday, the annual report showed a deficit of \$339,399 for 1936. H. H. Porter and Jay C.

THE CHANGE OF LIFE.

INTELLIGENT WOMEN PREPARE FOR THE TRYING ORDEAL.

A Time When Women Are Susceptible to Many Dread Diseases.

The anxiety felt by women as the "change of life" draws near, is not without reason.

When her system is in a deranged condition, or she is predisposed to epilepsy, or, suggestion of any organ, it is at this period likely to become active and with a host of nervous irritations, make life a burden.

Cancer often shows itself, does its destructive work.

Such warning symptoms as sense of suffocation, headache, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, spots before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, dizziness, etc., are promptly heeded by intelligent women who are approaching the period in life where women's great changes may be expected. Thousands at this critical time consult Mrs. Pinkham, and conduct their habits according to her advice, and with the Vegeta-

Compound go through this distressing time with perfect safety and comfort. Mrs. V. L. Day, of Beltsville, Ohio, says:

"When all else failed, Lydia E. Pinkham's Vegetable Compound saved my life. It carried me through the change of life all right, and I am now in good health. It also cured my husband of kidney trouble."

enjoy things; it is a sin not to enjoy things. I have a sympathy with the people who believe that the perfection of this world is the world to come. I have no sympathy with those long-faced Christians who think it an indiscretion to enjoy anything. It is a travesty of the Christian religion, which is a religion of joy. It comes to make us happy now, to teach us how to live in this world, and not the Lord thy God with all thy heart and thy neighbor as thyself. That is the equilibrium of human happiness in one sentence. Christianity is not a half-hearted way to wear inside and work its way out."

How the captain came to the rescue of the ship was put in the hands of the committee, is firm in his opinion that the contract should go to the Duluth firm. But out of the Duluth members of the committee are equally firm in opposing him. There is a radical difference of opinion in the matter and the matter and there is a possibility that the settlement of the valve question is yet some distance off.

McGiffin's Suicide.

An American-Chinese Officer Shoots Himself in the Head.

New York, Feb. 11.—Capt. Philo McGiffin, who commanded the Chinese iron-clad Chen Yuen in the battle of Yalu river in September, 1904, during the Russo-Japanese war, committed suicide early today in the post graduate hospital to which he was recently transferred after a long illness.

In bed with his back propped up by pillows, blood was streaming from a bullet wound in the right side of the head.

On a little table directly at the head of the bed was a bottle of morphine. The number 1884 owing to a reduction in the number of midshipmen, he entered the service of China during the Franco-Chinese war and was distinguished for gallantry, and was sent to England to superintend the construction of iron-clads and at the outbreak of hostilities with Japan was put in command of the Chinese squadron. His part in the battle of the Yalu is well known and although it was a defeat for the Chinese fleet it accomplished the desired end in preventing the landing of a Japanese force in the rear of the Chinese army.

Your committee on public officers and elections, to whom was referred the election returns, having considered the same, recommend the adoption of the following resolution:

THOS. OLAFSON,
J. J. RICHARDSON,
D. E. STEVENS,
Committee.

Resolved by the Common Council that:

Whereas, there was held in the city of Duluth, pursuant to chapter 2 of the charter of the city of Duluth, a municipal election for the purpose of electing for the term of two years a city treasurer, a city controller and one alderman from each ward to represent said wards in the common council; and

Whereas, said election has been duly held, to-wit: on the 2nd day of February, 1897, and the judges and clerks of election for the several election precincts in the city of Duluth have duly made their returns of said election; and

Whereas, this council has duly canvassed said returns according to law, and has ascertained the number of votes cast at said election;

Now, therefore, the common council of the city of Duluth hereby declares that at said election there were cast 2365 votes;

That for the office of city treasurer, George T. Hanson received 1391 votes, F. J. Voss received 2561 votes;

That for the office of city controller, Joseph C. Helm received 1417 votes, Theodore M. Krummick received 812 votes, Charles E. Lovett received 1578 votes;

That for the office of alderman in the First ward, Chester A. Congdon received 274 votes, Charles E. Shannon received 250 votes;

That for the office of alderman in the Second ward, George Tischer received 272 votes, E. J. Amory received 250 votes;

That for the office of alderman in the Third ward, J. L. Cronquist received 273 votes, Ernest R. Jefferson received 225 votes;

That for the office of alderman in the Fourth ward, Herman H. Ogel received 140 votes, Herman Berg received 254 votes;

That for the office of alderman in the Fifth ward, Thomas H. Gundersen received 273 votes, Charles M. Simpson received 254 votes;

That for the office of alderman in the Sixth ward, John L. Morrison received 193 votes, Ernest R. Jefferson received 185 votes;

That for the office of alderman in the Seventh ward, Thomas H. Gundersen received 193 votes, Ernest R. Jefferson received 185 votes;

That for the office of alderman in the Eighth ward, Robert L. Cochrane received 210 votes, Edgar W. Mosher received 202 votes;

Be it further resolved by this Common Council:

That F. J. Voss is declared duly elected city treasurer of the city of Duluth; that Charles E. Lovett is declared duly elected city controller of the city of Duluth; that George Tischer is declared duly elected to represent the Second ward; that Ernest R. Jefferson is declared duly elected to represent the Third ward; that Herman Berg is declared duly elected to represent the Fourth ward; that Charles M. Simpson is declared duly elected to represent the Fifth ward; that John L. Morrison is declared duly elected to represent the Sixth ward; that Thomas H. Gundersen is declared duly elected to represent the Seventh ward; that Robert L. Cochrane is declared duly elected to represent the Eighth ward; as aldermen in the common council of the city of Duluth, all of the provisions of the charter of the city of Duluth.

Alderman Olafson moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas—Aldermen Christensen, Coventry, Crandall, Dahl, Hanson, Harker, Harwood, Krummick, Nelson, Olafson, Richardson, Rowley, Sang, Stevens, Trevillion, Mr. President—16.

Nays—None.

Passed Feb. 8, 1897.

Approved Feb. 9, 1897.

HENRY TRUELSSEN,
Mayor.

To the President and Common Council:

Your committee on streets, alleys and sidewalks, to whom was referred communication from the board of public works under date of Jan. 25, 1897, submitting estimates for work and material furnished in delivering logs on Railroad street, have considered the same, recommend the adoption of the following resolution:

Resolved, that the assessment roll prepared by the board of public works, Feb. 1, 1897, and on the same date submitted to this council for approval, to defray in full the expense of constructing a 2-foot sidewalk on the north side of Peabody street from Forty-seventh avenue east to a point 100 feet west of Forty-sixth avenue east, according to benefits, be and is hereby confirmed by the common council.

Alderman Sang moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas—Aldermen Christensen, Coventry, Crandall, Dahl, Hanson, Harker, Harwood, Krummick, Nelson, Olafson, Richardson, Rowley, Sang, Stevens, Trevillion, Mr. President—16.

Nays—None.

Passed Feb. 8, 1897.

Approved Feb. 9, 1897.

HENRY TRUELSSEN,
Mayor.

To the President and Common Council:

Your committee on streets, alleys and sidewalks, to whom was referred communication from the board of public works under date of Jan. 25, 1897, submitting estimates for work and material furnished in delivering logs on Railroad street, have considered the same, recommend the adoption of the following resolution:

Resolved, that the assessment roll prepared by the board of public works, Feb. 1, 1897, and on the same date submitted to this council for approval, to defray in full the expense of constructing a 2-foot sidewalk on the north side of Peabody street from Forty-seventh avenue east to a point 100 feet west of Forty-sixth avenue east, according to benefits, be and is hereby confirmed by the common council.

Alderman Sang moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas—Aldermen Christensen, Coventry, Crandall, Dahl, Hanson, Harker, Harwood, Krummick, Nelson, Olafson, Richardson, Rowley, Sang, Stevens, Trevillion, Mr. President—16.

JOHN COVENTRY,
Committee.

Resolved by the common council of the city of Duluth, that the city clerk be and is hereby directed to draw orders on the city treasurer in favor of the persons whose names are written below for the amounts set opposite their respective names, the same being in payment of material and labor furnished in delivering logs on Railroad street, near Fifteenth avenue west:

John Sundquist \$143.42
John Anderson 110.64
R. D. McDonald 88.10
William Clark 32.16
R. Roscoe 122.71
St. Paul & Duluth Railroad company 36.74

Provided that the above named persons shall furnish to the city clerk duly verified and itemized bills for the service rendered or material furnished, approved by the board of public works, and audited by the city controller.

Alderman Sang moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas—Aldermen Christensen, Coventry, Crandall, Dahl, Hanson, Harker, Harwood, Krummick, Nelson, Olafson, Richardson, Rowley, Sang, Stevens, Trevillion, Mr. President—16.

Nays—None.

Passed Feb. 8, 1897.

Approved Feb. 9, 1897.

HENRY TRUELSSEN,
Mayor.

To the President and Common Council:

Your committee on waterworks, to whom was referred communication from the board of public works relative to distributing mains on Thirty-third avenue east and streets adjacent thereto, having considered the same, recommend the adoption of the following resolution:

Resolved, that the board of public works be and is hereby directed to excavate a trench for water main on Superior street, from Second street to Third street, and to Twenty-eighth avenue east, said work to be done by day labor, and its construction commenced as soon as possible.

Alderman Nelson moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas—Aldermen Christensen, Coventry, Crandall, Dahl, Hanson, Harker, Harwood, Krummick, Nelson, Olafson, Richardson, Rowley, Sang, Stevens, Trevillion, Mr. President—16.

Nays—None.

Passed Feb. 8, 1897.

Approved Feb. 9, 1897.

HENRY TRUELSSEN,
Mayor.

To the President and Common Council:

Your committee on waterworks, to whom was referred estimate to D. W. Prescott company, having considered the same, recommend the adoption of the following resolution:

Resolved, that the estimate made by Inspector Hugo to the D. W. Prescott Co., Feb. 1, 1897, on their contract for the construction of machinery for waterworks, amounting to \$12,893.35, be and is hereby allowed; and the city clerk is directed to draw an order on the city treasurer to pay the same.

Alderman Harker moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas—Aldermen Christensen, Coventry, Crandall, Dahl, Hanson, Harker, Harwood, Krummick, Nelson, Olafson, Richardson, Rowley, Sang, Stevens, Trevillion, Mr. President—16.

Nays—None.

Passed Feb. 8, 1897.

Approved Feb. 9, 1897.

HENRY TRUELSSEN,
Mayor.

To the President and Common Council:

Your committee on waterworks, to whom was referred estimate to C. J. Fredrickson, on his contract for building superstructure of pump-house and boiler room at Lakewood, amounting to \$32,320, be and is hereby allowed, and the city clerk is directed to draw an order on the city treasurer to pay the same.

Alderman Harker moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas—Aldermen Christensen, Coventry, Crandall, Dahl, Hanson, Harker, Harwood, Krummick, Nelson, Olafson, Richardson, Rowley, Sang, Stevens, Trevillion, Mr. President—16.

Nays—None.

Passed Feb. 8, 1897.

Approved Feb. 9, 1897.

HENRY TRUELSSEN,
Mayor.

To the President and Common Council:

Your committee on waterworks, to whom was referred the report of the board of public works relative to a 10-inch supply main to be laid in the foreman trench on Cambridge street, and on Grand avenue, having considered the same, recommend the adoption of the following resolution:

Resolved, that the estimate made by the board of public works, Feb. 1, 1897, on his contract for building superstructure of pump-house and boiler room at Lakewood, amounting to \$32,320, be and is hereby allowed, and the city clerk is directed to draw an order on the city treasurer to pay the same.

Alderman Harker moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas—Aldermen Christensen, Coventry, Crandall, Dahl, Hanson, Harker, Harwood, Krummick, Nelson, Olafson, Richardson, Rowley, Sang, Stevens, Trevillion, Mr. President—16.

herely ordered by the common council of the city of Duluth, that the board of public works of the city of Duluth, cause the following improvements to be made, to-wit:

That a 10-inch supply main be laid in the foreman trench on Cambridge street, between Fortieth and Forty-fourth and Sixty-third avenues east, according to specifications on file in the office of the board of public works; that said board cause said work to be let by contract as provided by law, and after said work shall be placed under contract, said board shall proceed without delay to assess the benefits of said improvement against the property, which in the opinion of said board is benefited by said improvement, in such sums and amounts as may be just and equitable, not exceeding in total the cost of the improvement, and including ten (10) per cent upon the amount which shall be added to the assessment to defray necessary expenses of making survey, plans, specifications and superintendence, upon the real estate to be benefited by said improvement, as near as may be practicable, to the benefit resulting therefrom, as provided by law.

Alderman Harker moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas—Aldermen Christensen, Coventry, Crandall, Dahl, Hanson, Harker, Harwood, Krummick, Nelson, Olafson, Richardson, Rowley, Sang, Stevens, Trevillion, Mr. President—16.

Nays—None.

Passed Feb. 8, 1897.

Approved Feb. 9, 1897.

HENRY TRUELSSEN,
Mayor.

To the President and Common Council:

Your committee on waterworks, to whom was referred the matter of excavation for water main, having considered the same, recommend the adoption of the following resolution:

Resolved, that the board of public works be and is hereby directed to excavate a trench for water main on Superior street, from Second street to Third street, and to Twenty-eighth avenue east, said work to be done by day labor, and its construction commenced as soon as possible.

Alderman Nelson moved the adoption of the resolution, and it was declared adopted upon the following vote:

Yeas—Aldermen Christensen, Coventry, Crandall, Dahl, Hanson, Harker, Harwood, Krummick, Nelson, Olafson, Richardson, Rowley, Sang, Stevens, Trevillion, Mr. President—16.

Nays—None.

Passed Feb. 8, 1897.

Approved Feb. 9, 1897.

Passed Feb. 8, 1897.

proposals:

Michigan Brass and Iron company \$13,466.70
The same to resist temperature strains 13,986.00
Marshall-Wells Hardware company, bidders on Eddy valves 14,550.00
For temperature strain add \$104 to price of each 55-inch valve.

The above are for parallel, seat valves.

The Duluth Brass company for wedge-seat valves \$11,770.00
With an addition of 25 cents each 36-inch valve manufactured to resist temperature strains 1,237.60
The Michigan Brass and Iron company, bidders on valves 1,237.60
Marshall-Wells Hardware company (parallel) 1,386.00
Duluth Brass company (wedge seat) 1,230.00

(Adding the bids for both large and small valves, from each bidder, we get the following:

Michigan Brass and Iron company, large valves, \$13,466.70; small valves, \$1,237.67; total, \$14,704.37.
Marshall-Wells Hardware company, large valves, \$14,550.00; small valves, \$1,386.00; total, \$15,936.00.

Duluth Brass company, large valves, \$11,770.00; small valves, \$1,230.00; total, \$13,000.00.
Rensselaer Manufacturing company, lump sum, from 6-inch to 42-inch, \$13,500.00.

We further find the following prices on pipe valves:

42-inch A valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch B valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch C valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch D valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch E valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch F valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch G valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch H valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch I valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch J valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch K valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch L valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch M valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch N valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch O valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch P valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch Q valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch R valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch S valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch T valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch U valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch V valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch W valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch X valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch Y valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch Z valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch AA valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch AB valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch AC valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch AD valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch AE valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch AF valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

42-inch AG valves, each, Michigan company, \$395; Marshall-Wells Hardware company, \$1150; Rensselaer company, \$947; Duluth Brass company, \$715.

prohibits us from submitting proposals. Yours truly,

THE LUDLOW VALVE MANUFACTURING COMPANY.

In the opinion of your committee this matter demands speedy attention on account of the fact that the city engineer is now unable to give dimensions of valves to the pipe contractors to enable them to commence work on their contracts.

Respectfully submitted,
ARTHUR J. HARKER,
J. W. ROWLEY,
Committee.

The report was received and ordered filed.

Alderman Richardson moved that the Duluth Brass works being the lowest bidder be awarded the contract.

The resolution was declared lost upon the following vote:

Yeas—Aldermen Crandall, Dahl, Hanson, Harwood, Richardson, Rowley, Sang, Stevens, Trevillion—9.

Nays—Aldermen Christensen, Coventry, Harker, Krummick, Nelson, Olafson, Mr. President—7.

Upon motion of Alderman Richardson the council took a recess of five minutes.

Upon coming to order a roll call showed all members of the council present.

Alderman Richardson presented the following minority report:

To the President and Common Council of the City of Duluth:

A portion of the committee on waterworks, to whom was referred the bids for furnishing valves for waterworks, would most respectfully report that they have considered the same, and recommend the adoption of the following resolution:

I. J. RICHARDSON,
Committee.

Resolved, that the bids of the Duluth Brass company to furnish valves for waterworks be and are hereby accepted, and the board of public works is directed to contract with said Duluth Brass company for said work, said contract to be approved by the city attorney and submitted to this council for confirmation.

Alderman Coventry moved to amend by substituting the name of the Rensselaer Manufacturing company for that of the Duluth Brass works, and the amendment was declared lost upon the following vote:

Yeas—Aldermen Christensen, Coventry, Dahl, Harker, Harwood, Krummick, Nelson, Olafson—5.

Nays—Aldermen Crandall, Hanson, Richardson, Rowley, Sang, Stevens, Trevillion, Mr. President—8.

The original resolution was declared lost upon the following vote:

Yeas—Aldermen Crandall, Hanson, Richardson, Rowley, Sang, Stevens, Trevillion—7.
